

Chanting American Pro-Reds Go Behind The Bamboo Curtain

By GEORGE MCARTHUR
PANMUNJOM (P)—Twenty-one singing, chanting Americans and one Briton who renounced their homelands to stay with the Communists today rolled northward in flag-bedecked trucks toward a life behind the Bamboo Curtain.

And in Tokyo, the U.N. Command said officially that at least 9 of the 21 were accused as stool pigeons who betrayed fellow POWs to the Communists.

The former Allied soldiers, along with 325 South Koreans, carried Red "peace dove" banners as they marched from their barbed wire compound in Korea's bleak neutral zone.

Senate Votes For Tax On REA And Pipe Lines

LANSING (P)—The Senate has agreed to impose the new state business receipts tax on rural electrification associations, and oil and gas pipelines.

These decisions were made in debate on a bill to "clarify" the 1953 business tax, now seven months old. The measure was held for more debate Tuesday.

Sen. William A. Ellsworth (R-St. Ignace) attached the amendment to impose the levy on rural electrification concerns.

The bill, as introduced, included the pipeline provision.

Deadline Extended

It also would give taxpayers until March 30 each year to file their final returns. The deadline now is Jan. 30.

It would add limited partnerships, receivers, estates and trusts to those liable for the tax.

Sen. Harry F. Hittle (R-East Lansing) attached an amendment to exempt the "related businesses" of charitable, religious and benevolent groups.

The Senate sent to committee for study Sen. Perry W. Greene's demand that Gov. Williams rescind an order forbidding National Guard officers to lobby in the Legislature.

Censoring Charged

The Grand Rapids Republican accused Williams of "censoring" freedom of thought by citizen-soldiers.

Williams reportedly imposed the order because high guard officers last year defeated a bill to reorganize the guard. The same bill, sponsored by the "Little Hoover Commission," is before the 1954 Legislature.

A House-approved resolution, asking the State Conservation Commission to continue publishing the names of game law violators, passed the Senate.

Enlisted Men Hanged For Killing Girl On Guam Five Years Ago

GUAM (P)—Two Air Force enlisted men, declaring their innocence, were hanged today for the slaying of 27-year-old Ruth Farnsworth five years ago in a Guam jungle.

The two—Pvt. Herman T. Dennis, 25, of Indianapolis, and Sgt. Robert W. Burns, 36, of Spokane, Wash.—went to their deaths after Dennis said "I pray for those making this mistake."

Passed Bogus Checks

ANN ARBOR (P)—Mr. and Mrs. John O'Byrne, of Toledo, described as the brains of a \$35,000 bad check ring, will be sentenced Feb. 24. They were held without bail after pleading guilty to passing a forged check. Police said the pair admitted cashing bad checks throughout the state.

President May Give Figures On Security Risks

By MARVIN ARROWSMITH
WASHINGTON (P)—President Eisenhower probably will decide next month whether to yield to demands for a breakdown showing how many disloyalty cases were among 2,200 federal workers dropped as security risks since he took office.

A decision may come about the middle of February, an Eisenhower aide said today, when the Civil Service Commission reports to the National Security Council on operation of the administration program to weed such risks out of government jobs. Eisenhower heads the council.

Other Causes Suspected

This aide, who asked not to be named, said he would be greatly surprised if the President changes his repeatedly stated opinion that no breakdown is feasible.

Eisenhower made his latest statement along that line at his news conference Wednesday.

Controversy has been raging as to whether most of the discharged employees were actually suspected of subversion, or whether they were dismissed for such causes as excessive drinking, homosexuality or talking too much about secret matters.

The administration program which went into effect last May classifies as security risks persons deemed undesirable on any of these grounds.

Not All Reds

There have been demands in and out of Congress for a breakdown of the 2,200 by causes. Eisenhower announced that number of separations in his Jan. 7 State of the Union message.

On the basis of an earlier administration total of 1,456 separations, Rep. St. George (R-NY) told the House Jan. 8 that not more than 10 per cent were "out-and-out Communists." Rep. Walter (D-Pa) declared the same day that no more than seven of those ousted were Communists.

On the other hand, Sen. McCarthy (R-Wis) has said 90 per cent of the 1,456 were loyal on grounds of questionable fidelity or homosexuality.

Touchy Measures Debated

The Senate was to vote this afternoon on two controversial measures.

One would remove from office any public official who refuses to testify at any inquiry into his conduct. It would also bar such an official from public office for five years.

Sen. Creighton R. Coleman (R-Battle Creek) questioned the constitutionality of the proposal. He agreed the purpose of the bill was good, however.

The sponsor, Sen. Frank Heath (R-Bay City) retorted: "The thing to do is pass it and if some one gets caught, let them test it in courts."

Coleman replied, "That costs

Eisenhower Calls Nation 'Marvelously Prosperous'

Half-Billion Dollar Bond Issue Proposed For Michigan Roads

LANSING (P)—A half-billion dollar bond issue to build Michigan highways was proposed in the Senate today—contingent upon the federal government giving up its two-cents-a-gallon gasoline tax.

Sen. Joseph P. Cloon (R-Wakefield) introduced a constitutional amendment to authorize the bond issue, but said he doubted whether the Legislature would submit it to the voters next fall.

"My information is," Cloon said, "that there is a good chance Congress will take the federal government out of the gas tax field. That would cancel the two-cent federal tax. Michigan should pick that up at once and add it to the state tax. Then we could finance this bond issue."

The state gas tax now is 4½ cents a gallon.

Touchy Measures Debated

One would remove from office any public official who refuses to testify at any inquiry into his conduct. It would also bar such an official from public office for five years.

Sen. Creighton R. Coleman (R-Battle Creek) questioned the constitutionality of the proposal. He agreed the purpose of the bill was good, however.

The sponsor, Sen. Frank Heath (R-Bay City) retorted: "The thing to do is pass it and if some one gets caught, let them test it in courts."

Coleman replied, "That costs

Zero Air Blast Hits Michigan

A frigid air blast brought sub-zero temperatures to Michigan today as the state dug its way out of a 24 hour snowfall Wednesday.

The cold wave, accompanied by sharp winds, sent thermometers plunging to 26 degrees below in Cadillac.

Pellston thermometers recorded -18; Sault Ste. Marie, -7; Muskegon -1.

It wasn't much warmer in the southern part of the state. Detroit shivered at 9 above; Battle Creek's low was 5; Flint, Lansing, and Saginaw recorded 6.

The cold wave was general across the Midwest. It resulted from a cold air mass moving south from Canada.

The storm Wednesday claimed the lives of at least four persons, snarled traffic and marooned 40 children at Pinnebog School near Bad Axe.

Four elderly persons suffered fatal heart attacks while shoveling snow. They were Mrs. Walter Guonan, 53, and William H. Connor, 89, of Bay City; Frederick Welch, 74, Flint; and Frank Pelong, 62-year-old former acting chief of police in Kalamazoo.

The storm closed schools in Gladwin, Isabella, Bay and Midland counties. Most planned to reopen today.

George Wins Support

Sen. Knowland of California, the GOP floor leader, hurried a draft of the Georgian's proposal to the White House, State and Justice Departments. George himself said he had discussed it with Eisenhower.

Sen. Ferguson of Michigan, chairman of the GOP Policy Committee, indicated he believes some slight revisions might make it acceptable to Bricker.

Sen. John S. Cooper (R-Ky), who is fighting Bricker's version, said in an interview that George's measure "is the best that has been offered yet."

As George explained his proposal, it would subject international agreements and treaties to court review on their constitutionality. Knowland said this section was acceptable to everybody.

In its second section, the George proposal would make all international agreements which touch on internal laws effective domestically only by vote of both houses of Congress. This would eliminate the states from acting on such agreements, even though they might alter voting rights, divorce and other state laws.

Thief Takes Tea

FLINT (P)—The thief who broke into the home of William Hewitt may be richer by \$18 and a \$10 wrist watch, but wait until he opens the liquor bottle he also took. It contains tea.

Joins Legion Appeal

WASHINGTON (P)—The American Legion has announced that President Eisenhower will join in a broadcast appeal to the nation Sunday, Feb. 7, in the legion-sponsored "Back to God" movement.

TODAY'S CHUCKLE

Success tip: Start at the bottom and wake up!

Plans Drafted To Beat Slump, Build Stability

By STERLING F. GREEN
WASHINGTON (P)—President Eisenhower today termed the nation "marvelously prosperous," predicted recovery this year from a "brief and self-correcting" business dip and pledged to use the government's vast powers to combat a depression if one should develop.

He proclaimed readiness—when necessary to avert a depression—to cut taxes, liberalize credit and launch large-scale public works even at the cost of new deficit financing.

Protection For Jobs

And he gave forceful notice, in his economic report to Congress, that it should take "bold steps" requested in his 1954 legislative program to "protect and promote economic stability."

The program, he said, includes the protection of millions more workers under unemployment and old-age insurance, and bigger benefit payments; federal aid for public works planning; stimulants to housing; tax revision; highway improvement; a new farm program; and a tariff program to encourage foreign trade.

All this is "immediately advisable action," Eisenhower said, adding that if he finds more power is needed, he will ask for it promptly.

Not An Emergency

Missing was an expected request for an increase in the 75-cent hourly minimum wage. Secretary of Labor Mitchell recently reported that the administration was exploring means to raise it to "a more realistic level." But Eisenhower said:

"I am not in a position to make such a request at this time. The economy is strong and the labor market is tight. I believe that the present minimum wage is adequate for the time being."

(Please Turn To Page 6, Col. 5)

Slash In Excise Levies Proposed

By CHARLES F. BARRETT
WASHINGTON (P)—A drive to cut excise taxes was picking up steam in the House today but an administration leader cautioned that any lost revenue might have to be made up by new or increased taxes elsewhere.

Rep. Halleck of Indiana, GOP floor leader, told newsmen many excise or sales taxes now are so high "there is no doubt they impose extreme hardships and are doing much to stifle certain segments of business." But he added:

"Of course, in view of the fiscal situation of the government, in any study of excises we would also have to give attention to additional revenues as necessary to offset losses."

Halleck declined to discuss possible new sources of revenue.

House Speaker Joseph W. Martin Jr., (R-Mass) touched off a new round of speculation Wednesday by backing a proposal to cut all excise or sales taxes above 10 per cent down to that level, except for liquor and tobacco. The idea already had considerable bipartisan support.

Martin told reporters rates above 10 per cent are "exorbitant" and are seriously hurting some businesses.

Pope Takes Rest

VATICAN CITY (P)—Vatican sources said today physicians have found Pope Pius in good general health but have prescribed a long rest for him to recover from fatigue. The 77-year-old Pontiff has been pursuing his daily work in his private apartments.

St. Ignace Dentist Unhurt As Plane Rams Straits Ice

MACKINAC ISLAND, Mich. (P)—A low-flying private plane glanced off an iceberg in the Straits of Mackinac Wednesday and fell into the water.

The occupants, Dr. Howard Walker of St. Ignace and his wife, were unhurt and reached shore safely although their plane was badly damaged.

Dr. Walker, a dentist, was taking a set of dentures to a straits island patient. He recovered the dentures. They, too, were unhurt.

Stool Pigeons Stay With Reds

By WILLIAM C. BARNARD
TOKYO (P)—At least 9 of 21 American prisoners who turned their backs on their homeland acted as stool pigeons for Chinese guards in North Korean prison camps, the U.N. Command officially disclosed tonight.

The nine were accused of informing on fellow prisoners.

The UNC said of the 21: Four expected to be punished if they returned and were afraid to come back.

Five were sent to China during their captivity for further schooling.

Seven were either selected for or promised more schooling in Red China.

Five were considered weak and not sincere in their Communist beliefs.

"Reasons they stayed with the Reds were: they fell in love with Chinese women; they hoped to get something for nothing; and they were promised educations in China."

Twenty were regular Army men, one a draftee.

Five are 21 years old, the oldest 32, the average age is 23½. Nineteen are single, two married. Three are Negroes.

Ten had an average of two years in high school. One had 3½ years of college and another graduated from college. Two completed grammar school only.

The Allied spokesman said 10 of the 21 came from low-income homes. Most of the others were from middle class families. One is the son of an Army officer.

Justice Assured

Eisenhower said at his news conference Wednesday he thought there must be something else in the Dickinson case other than his original decision to remain with the Reds. Dickinson is charged with dealing with the enemy to secure favorable treatment while he was an inmate of a Communist prison camp.

The President said he called Wilson to be certain that justice was done.

A pre-trial inquiry will determine whether Dickinson shall face court-martial.

Defense officials emphasized there was no question of the right of the Army to prefer the charges against Dickinson, that the issue was over the failure to advise top defense officials that the Army proposed to make the announcement prior to the time urged by the department.

Earlier incidents which caused annoyance in top defense quarters included publication of a story, attributed to a high Navy official saying that the atomic submarine Nautilus was only a test vehicle, not intended for combat use. Wilson denied this report and let it be known he wanted to find out who in the Navy was the source.

Four Traffic Deaths

DETROIT (P)—Detroit recorded four more traffic deaths Wednesday, bringing the city's 1954 total thus far to 20. During the comparable 1953 period, the toll was 15. The four victims yesterday were pedestrians.

Weather

Reported by U. S. Weather Bureau

New Name For MSC Opposed At U. Of M.

ANN ARBOR, Mich. (P)—The University of Michigan appealed to the State Legislature today to reject a proposal to change Michigan State College's name to Michigan State University.

U. of M. President Harlan H. Hatcher and the regents vigorously objected. They said it would result in "endless confusion."

PET LION PULLS SLED—Terry Thayer, 11, seems to enjoy his one-lion-power sled puller near Seattle, Wash. Little Tyke, a "vegetarian" lion, appears to enjoy the cold stroll too. Mr. and Mrs. George Westbeau, owners of the lion, were surprised their 7-year-old house pet would take to sledding, the huge cat usually winters in front of the fireplace near TV. (NEA Telephoto)

Pen-Maker Out Of Chicago Jail

CHICAGO (AP)—Paul C. Fisher, 40, a pen manufacturer, was released from the Cook County jail Tuesday after he agreed to turn over his books and records for examination by the U.S. Department of Labor.

Fisher was sent to jail Jan. 15 on a contempt citation issued by Federal Judge Michael L. Igoe in September, 1952, for defying a court order directing him to submit his records for examination.

Fisher, who served as his own attorney, had made unsuccessful appeals to the United States Court of Appeals and the United States Supreme Court. He contended that the Labor Department's demand to see his books without a specific reason was an invasion of his constitutional rights.

Fisher told Judge Igoe Tuesday he was now ready to surrender his books and was released without bond to appear in court Friday to show compliance with the court's order. He said he was prompted to purge himself of contempt by a radio broadcast he heard while in jail. He said a commentator, whom he identified only as Richards, "savagely attacked me last week and accused me of underpaying my employees."

Fisher, who heads the Fisher Pen Co., has filed as a candidate for the Republican congressional nomination in the 9th District (Chicago's Near North Side).

New Lapeer Hospital Opens This Weekend

LAPEER (AP)—The new \$970,000 Lapeer County General Hospital will open this weekend.

An open house for the public to view the modern, 50-bed hospital is scheduled for Friday through Sunday.

The project started in 1939 when \$14,000 was bequeathed the city for a hospital by the late Charles W. Smith of Lapeer. Voters approved a \$375,000 bond issue in 1950, federal contribution of \$400,000 was added to the county funds.

Construction started in 1952. In August last year the Lapeer City Hospital closed in anticipation the new hospital would soon open. Delays left the community and much of Lapeer County (population more than 35,000) without a hospital.

Patients were forced to go 20 miles to the nearest hospitals in Almont and Flint.

U. S. SOLICITOR GENERAL—Judge Simon E. Sobeloff is the new solicitor general of the U. S. Formerly chief judge of the Maryland Court of Appeals, he succeeds Philip B. Perlman, who resigned.

Sweden Ponders Link With Western World

STOCKHOLM (AP)—Sweden and Norway have blown the dust off a blueprint plan which could give Sweden a closer link in wartime with the Western world.

The plan — alternately studied and shelved for several years — provides for development of Norway's Trondheim docks and electrification of the railway linking the industrial region of Central Sweden with the Norwegian port on the North Sea.

Some circles in both countries have long argued that an ice-free port to the west could be of vital importance to Sweden if Soviet aggression in Scandinavia one day forced her to abandon her present neutrality policy.

Doctors Join Dentists In Endorsement Of Fluoridation

FLUORIDATION of the community water supply to reduce tooth decay among children was started this week at Gladstone. Another important development in the fluoridation issue materialized with the endorsement Tuesday night of fluoridation by the Delta-Schoolcraft Medical Society.

Endorsement by the Medical Society adds the support of the medical profession to that of the dentists in the area. Some time ago the Delta County Dental Society endorsed fluoridation as an important step in dental health.

Escanaba voters will pass on the subject of water fluoridation at the April municipal election. There is a small but highly vocal group active in Michigan against fluoridation, contending that fluorine is harmful to people. The amount of fluorine used in water treatment is only one part per million, an amount so small as to be completely unnoticeable in taste effect, in taste and in palatability. Yet this minute portion of fluorine is sufficient to materially reduce dental decay, particularly in children.

Fluorine is a natural constituent of water in many areas. In fact when Escanaba was utilizing artesian water primarily the ar-

tesian water contained in natural form sufficient fluorine to be effective against dental decay. However, the artesian supply was never sufficiently adequate to meet the community needs and it became necessary to revert to Bay de Noc as a source of supply. The bay water is lacking in fluorine.

There was once a time when violent objections also were presented to vaccinations but vaccinations have proved to be one of the great medical advances of history. Fluoridation could prove just as important in the field of dental health.

Unbelievable Difference

WILLIAM L. Ryan of the Associated Press recently returned from a news assignment in Russia, and wrote a series of articles on life in that "workers' paradise." Two of his articles dealt with what is like to shop in Russian stores, which are owned by the state and are therefore non-competitive. And the prices of goods, of course, are established by the state.

The shopper must generally stand long in line. Service is slow and indifferent. Supplies of goods are limited and when the prospective consumer finally gets his turn at the counter he frequently can't find what he is after. Quality is extremely low by American standards—which are competitive standards. And prices—save for bare subsistence foods and a few other items—are almost unbelievably high, in the light of the average Russian family's income. Currently, the Russian bosses are making some effort to better matters, but progress is taking place at a snail's pace.

No one should be surprised that this should be the situation under communism—or under any other system where the government is the economic dictator and where competition, as we know it, is outlawed. Any monopoly—governmental or other—inevitably results in high prices, poor goods, and shortages. Only free competition can create abundance, and give the best possible goods at the lowest price. The unbelievable difference between a typical American retail store and a typical Soviet retail store is proof of that.

Other Editorial Comments

IS IT 'ME'?

(Christian Science Monitor)

Queen Elizabeth II, according to a report from her tour in New Zealand, heard two small girls near the royal car arguing whether the lady within was the Queen or Princess Margaret. "I leaned over," the monarch related, "and said, 'No, it's me.'"

A generation ago a number of grammatical purists would have insisted, and probably some still do, that the proper phrase would be, "It is I." However, the "me" has long been accepted usage in Britain, and the National Council of Teachers of English once acknowledged it as also an American idiom.

Like other idioms, it won't parse, but is clearly understood. How explain, for example, why a Frenchman says, "Qu'est-ce que c'est?" (literally "What is this that it is?") for "What is this?" And how satisfactory would it be to try to straighten out the syntax of the well-loved Negro spiritual, "It's Me, O Lord, Standin' in the Need of Prayer?"

Actually, the Queen's "It's me" harks from ancient times as part of the king's English.

TELLING OFF FOREIGNERS

(Los Angeles Times)

What the foreigners don't know about America's fight against subversive communism, and that is obviously a great deal, really doesn't make much difference. They are paying no admissions. And if they weren't complaining about this American show they would be carping about another. They don't like America or anything about it except its money, and in this way they follow a rule which must be nearly as old as mankind: They simply resent a benefactor.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—Here is what happened inside the Eisenhower cabinet regarding the controversial, dynamite-laden but very tempting Russian offer to buy 44,000,000 pounds of surplus American butter.

Actually, the Commodity Credit Corporation, the Agriculture Department subsidiary which buys and stores butter, had OK'd the butter deal. They felt that even if the Russian price was a little low, it would be wise to get part of our butter surplus out of warehouses before it spoiled.

This was the general line, therefore, that sincere, much-criticized Secretary of Agriculture Benson took at the cabinet meeting. He pointed out that butter was accumulating in American warehouses at the rate of over 1,000,000 pounds a day and that getting rid of it was a very real problem.

He also pointed out that the United States was already selling tallow to Soviet Russia, and butter was no more strategic than tallow.

Another argument was that Russia didn't have to have the butter from us. She could buy it elsewhere if she couldn't purchase it on the American market.

Finally Benson pointed out that by stopping the butter sale, the administration would only lose money for the American taxpayers, since the butter would not keep indefinitely. While the butter would be sold a little cheaper than the U. S. support price, even so, it was argued, this was better than a total loss.

BENSON OVERRULED

No one at the cabinet meeting disagreed with Benson on any of the points he raised. The only point where they differed was regarding the reaction of the American public. And almost every member of the cabinet who expressed himself said that to sell butter to Russia at a cheaper price than to the American housewife would create a nationwide furor.

The support price for butter paid by the Department of Agriculture today is around 67 cents a pound. The world price for butter, offered by Russia, is around 46 cents a pound. This difference of 21 cents a pound, the cabinet finally decided, would bring a very sour reaction from American housewives.

LOWER BUTTER PRICES

However, the sale was not entirely killed—as Harold Stassen indicated later. And here is the strategy being discussed for the future.

By April 1, Secretary Benson has to make up his mind whether he will support dairy prices during the coming year. And according to present tentative thinking inside the administration, he will reduce support prices. Benson himself has been a great friend of the dairymen, but administration policies are to reduce farm prices somewhat and he will go along with that policy.

This will put the new price of butter nearer the Russian offer of 46 cents a pound, in which case, it's argued, the Soviet sale would be much more favorably received by the public. Actually the butter already accumulated, and which will be sold, will still be priced at 67 cents, but new butter purchased under the new price-support plan would be cheaper.

SECURITY OFFICER QUILTS

Guarding a foreign president while visiting the United States is an extremely delicate, difficult job, and a lot of preparation went into the welcome of Turkish President Celal Bayar who has just arrived in Washington.

President Celal Bayar represents one of the best friends the United States has anywhere in Europe or Asia. Likewise he happens to be a stubborn foe of adroit Soviet Russia, which has long coveted the famed waterway connecting the Black Sea with the outside world over which Turkey stands guard.

U. S. officials, therefore, are not unkind of the fact that a secret Communist attempt on the Turkish president's life while visiting in the U. S. A. would be interpreted in Turkey as coming from an American and could seriously disrupt relations between the two countries. It was the Nazi-inspired murder of King Alexander of Yugoslavia, while visiting in France before the war, which disrupted Franco-Yugoslav relations and became one step in the march of events leading to war.

Chief job of guarding the life of the visiting president has been that of State Department security officer William Huskey, who planned the protection of the king and queen of Greece and various other visiting dignitaries.

Huskey happens to be a Democrat. His new boss in the State Department, Scott McLeod, happens to be not only a Republican but a close friend of Senator McCarthy, and has been busy as a street cleaner sweeping out every Democrat he could lay his hands on.

McLeod, however, never knew what Huskey's politics were, until one day before the arrival of the Turkish president.

On that day Huskey quit. Ironically, he took a job with the Democratic National Committee.

Note—State Department higher-ups at first were in a furor over Huskey's departure. He finally showed them that plans for protecting the Turkish president had been so well prepared his resignation would not increase security risks.

Into The Past

10 YEARS AGO

Gladstone—A small two room home owned and occupied by Merlin Godfrey at 311 Wisconsin Avenue was gutted by fire early Wednesday evening when a gasoline stove exploded.

Manistiquie—Initial step in promoting better government in Manistiquie took place Wednesday evening when a representative group of citizens met in the county court house.

20 YEARS AGO

Gladstone—Miss Nita Kircher, queen of the Gladstone winter sports carnival, will be presented at the "Queen's Ball" to be held tonight. A parade and other mardi gras features are planned.

Peoria—Rev. Fr. Julius Henze, O. F. M., pastor of St. Joseph's Church, Escanaba, from 1906 to 1918, died Friday at Peoria, Ill.

"Lookin' fer Somepin'?"

War Of The Screens Produces Biggest Battle For Filmdom

By ERSKINE JOHNSON

NEA Staff Correspondent
HOLLYWOOD —(NEA)— The War of the Screens—living room picture tubes vs movie theaters—has given Hollywood, 1954, a new look.

It's the look of Oak Ridge and Frenchman Flat and Los Alamos.

Studio dream factories have become hush-hush laboratories and scientists and film sound technicians have replaced the glamor girls and the profiles as the town's pampered high-salaried stars.

The land of kidney-shaped swimming pools decorated with blondes, pink stucco mansions and tourists mistaking each other for movie stars has become a warlike testing ground for a new kind of bomb—the E Bomb.

E is for entertainment and the technical race for a more powerful E Bomb is the greatest battle Hollywood ever fought, the greatest crisis in its fabulous history.

There was little concern in Hollywood when the electronic space invaders from television, disguised as puppets and wrestlers and dancing beer cans, first arrived in tiny seven and 10-inch tubes.

But by the end of 1952, as TV screens and audiences grew larger, and programs better, Hollywood was gasping for life.

The film industry's war cry, "Movies Are Better Than Ever," sounded more like a death rattle. The nation's weekly movie-going audience was cut in half.

Since 1946, more than 6000 movie theaters have closed. Movietown, in 1952, was in a panic. The seven major studios fired several thousand employees, big salaries stars, and darkened many of their sound stages.

Television, with its free entertainment and its viewing at home with shoes-off-sandwich-in-hand comfort, had replaced moviegoing as a national habit.

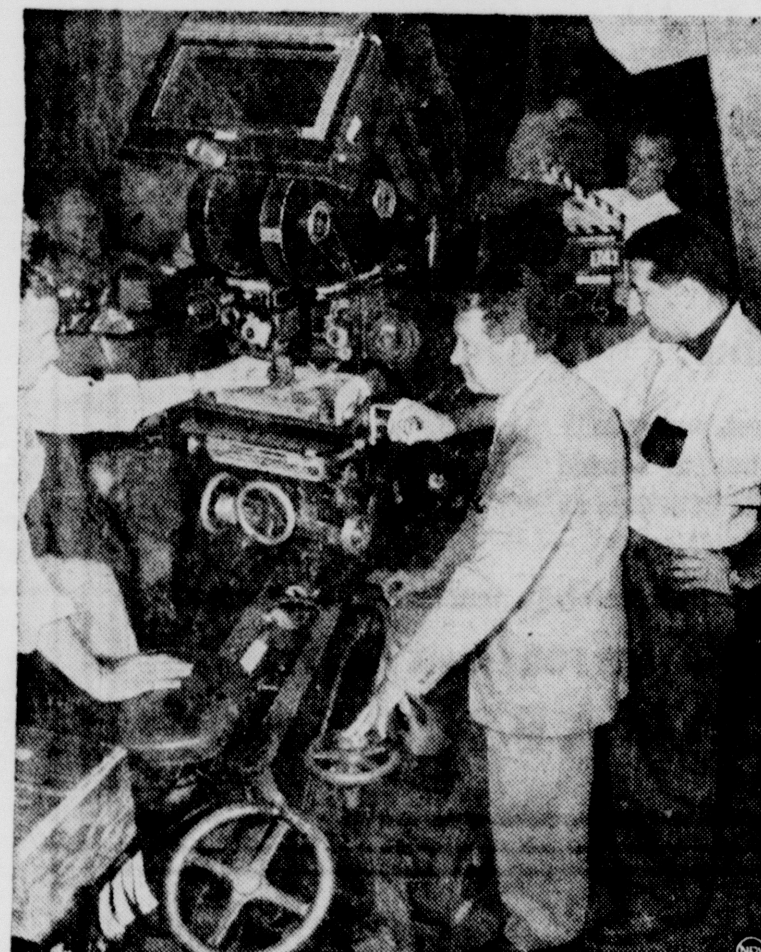

But in early 1953, Hollywood recovered its self-confidence and discovered its tomorrow. Celluloid blueprints of the future were obvious as giant-screen Cinerama packed a New York theater by seating audiences in a roller coaster, and the first 3-D movie, "Bwana Devil," put a lion in junior's lap, a tiger in mama's arms and gold in the box-office till.

With a small movie screen at home, the public was tired of conventional films when it had to pay money for them. But for something new and different at theaters even the most rabid TV fans would leave their sets.

Hollywood's first E Bomb, after the introduction of Cinerama, was three-dimensional films. But in the rush to win back its lost audience with 3-D (given up as a novelty 20 years ago) Hollywood overlooked quality, and the first "depthies" threw everything except good emotion and good plots at theater audiences.

Because of poor stories and the public's annoyance at wearing cardboard framed polaroid glasses, the 3-D craze, after big profits for early novelty films, came to an end within nine months. Many 3-D films now are being released in normal 2-D.

Desperate again, and realizing TV was headed into more and more homes, Hollywood dropped its second E Bomb—slightly wider

HOLLYWOOD'S NEW LOOK has replaced studio dream factories with hush-hush laboratories like this, where it takes six men to keep the complicated mechanism of a 3-D camera going.

screens based on the success of Cinerama, which by now had grossed \$6,000,000 in half a dozen big cities.

But there was no big mass return to theaters. Meanwhile, to further confuse a confused Hollywood, good movies—"From Here to Eternity," "Shane" and "Roman Holiday"—made big profits without the help of any special gimmicks.

There was no confusion, however, about the fact that the foundation of movietown's lush economy, the bread and butter program films, couldn't earn their costs.

The third and latest E Bomb exploded by Hollywood is CineramaScope, a wide screen process with multiple sound track that comes within a few feet of Cinerama's king size dimensions plus the boast of 20th Century-Fox studio that "You see it without special glasses."

But even after reading the big box-office grosses of the first two CineramaScope films, "The Robe"

and "How to Marry a Millionaire," there's no big rush to CineramaScope. Paramount is experimenting with its own big-screen process, as are other studios, and even Fox is releasing its CineramaScope films to theaters too small for giant screens or unable to afford them.

For the first time since 1948 Hollywood's profits are rising. But movietown is still undecided about all of its shapes and dimensions.

The film industry's fourth, last and most successful E Bomb may be Operation Quality—good movies on wider screens in big theaters, and on normal sized screens in neighborhood houses.

But the competition of television—and now color TV is on its way—has made one thing certain. Hollywood's mass production days of 60 films a year from seven major studios and hundreds of others from independents are over. Ten or 12 good movies a year from each of the seven majors may be the maximum celluloid output of the future.

Good Evening...

By CLINT DUNATHAN

THE LARGER WORLD—People are always citing the obvious about this big world growing smaller because of faster transportation and communication.

A century or so ago Jules Verne wrote a novel, "Around the World in 80 Days," that stirred the imagination of old and young. Just think—all the way around and in only 80 days!

Now travelers fly here and there about the world in a couple days. They swim in the Caribbean one day, lunch in Paris the next, and hunt lions in Africa after lunch.

This sort of thing has made the world smaller for some folks and larger for others. For those who live and die in their own village, so to speak, the world might as well be as large as it was before the airplane, the jet engine, and radio.

IT'S SO BROADENING—World travel is no longer confined to the rich and the retired.

Many people make their living by traveling around the world—such as tractor salesmen and congressmen looking for a new international situation to investigate. Both have expense accounts.

Another large traveling group is the U. S. soldier who goes not from choice or from pleasure but because of this nation's far-flung line of defense. Sometimes the fighting man lands in a far country to engage in killing off the natives or some invader.

A friend of mine tells the story of the soldier who fought World War II in Egypt. The soldier was not fond of this sort of thing, but Egypt is a fascinating place and he returned to his homeland with a number of snapshots.

These photos all depicted a full-size pyramid in the background, with our GI standing proudly out in front to show the folks back home that he had been there.

"Say," said my friend to the soldier, "they sure got lots of pyramids in Egypt." "Yeah," replied the soldier, now a veteran, "I used to get to wondering what they were for. Wasn't nothing done with them. Didn't even have no doors or windows."

Our friend said he was afraid to ask the well-traveled veteran what he thought of the Sphinx.

AND CULTURAL, TOO—Hopping and skipping about the globe can bring vast cultural rewards to the discriminating. Fortunately, this opportunity has been extended to an increasing number of persons because even the trans-oceanic passenger planes have a tourist class.

Among the more constant world travelers are such personages as the Duchess of Windsor and the much-married Babs Hutton.

They spend little time in the museums, the ancient ruins, and the art galleries, however, because they belong to what is described in the society pages as the "international set."

According to what I have read, this "set" is mostly concerned with dressing up and going to parties in fashionable night clubs, or recuperating by exposing a liberal expanse of nudity on fashionable beaches, or becoming involved in what is described as an "international romance." This tireless preoccupation with themselves leaves little time to enjoy the finer things in life.

MISSIONARY TOUCH—Some of the people who visit foreign lands carry with them a touch of old America wherever they go. An American in Paris wants to stay at a hotel with other Americans and have the hotel help speak English.

One man who had spent a month in Europe came home to report that he was disappointed. The Europeans, he said, were "ignorant" of even rudiments "of understanding the American language." Of course, he couldn't speak French or German, but that was immaterial.

While in Germany he tried to bring them "up to date," as he describe it. He went around lecturing innocent bystanders on the advantages of American beer, American currency, and American politics.

This attitude toward the people of another country can and does breed misunderstanding. Somewhat like the 18th century Englishmen who visited America and returned to their homeland to write books about the crudity and illiteracy of Americans.

Of course, the Englishmen usually were paid for lecturing while in America and often took a crude and illiterate but wealthy American heiress home with them. Perhaps the latter caused their anti-American outbursts.

UNCLE EF

It's pretty hard on a girl who has taken toe-dancing lessons, says Aunt Molly Hamsworth, to have to change to doing a kitchen glide after she's married.

The Doctor Says... Diet Is Most Important In Curing Constipation

By EDWIN P. JORDAN, M. D. — Written for NEA Service

"In constipation, is any other treatment necessary," writes Mrs. B., "besides diet? Are abdominal exercises beneficial, or medication? Would X-ray be advisable?"

In specific answer to these questions, it can be said that diet is the most important treatment, but exercise, not necessarily abdominal alone, is usually helpful. Medication should be used sparingly, if at all, and X-ray treatments would not help at all.

One thing which needs to be said about chronic constipation is that it is not as common as many people appear to think. It is too often confused with spastic colon, which is commonly characterized with alternate periods of diarrhea and constipation.

What causes true constipation? Improper training and neglect, especially in childhood, appear to have a great deal to do with it. Failure to set aside a regular time of day for bowel movement is undoubtedly the cause of much trouble.

For diet can and often does cause constipation. Too many people gulp their food without allowing enough time for their meals. Some foods are so highly refined

ed they do not contain the bulk necessary at times.

Fresh fruits and vegetables may make up an insufficient part of the diet. These foods not only supply a large part of the bulk in the diet but also aid the wavelike movement of the intestine which carry the contents down through the intestinal tract.

LAXATIVES MAY BE CAUSE

The abuse of laxatives or cathartics is another great cause of constipation. The mistaken idea is common that if a person cleans himself out once a week with a good strong purge it will be good. This disturbs the normal rhythm of bowel evacuation.

Treatment of simple constipation, unless the trouble has begun in childhood or has lasted for an extremely long time, is usually satisfactory. The underlying causes, whether diet, neglect, or abuse of laxatives, first has to be corrected. Establishing good habits by having a movement at a particular time of day and yielding to the urge when it comes are extremely important. Exercise likewise helps to overcome constipation.

Cold Weather On The Wane

Bright sunny skies, with a promise of warmer weather still to come prevails generally in this area, but it is not likely that any thaw is in prospect. The weather bureau thermometer here registered 2 degrees below zero at 8 o'clock this morning.

Sault Ste. Marie was the coldest spot in Upper Michigan with a reading of -7. Marquette was 13 above and Green Bay -2. Weather throughout the area will warm up considerably throughout the day, says S. E. Decker, of the Escanaba weather bureau.

Temperatures in Lower Michigan and states to the east are experiencing a cold wave with temperatures drops of from 10 to 30 degrees.

The plains states, which have been extremely cold for the past two weeks have warmed up to a marked degree although zero temperatures are still common in Montana and western North Dakota. The coldest spot in the country was International Falls, Minn. with a -20 reading for early this morning.

The Southland, particularly in the region of Oklahoma and the Texas panhandle, which has been in the grip of a protracted cold wave, is now experiencing normal temperatures again. The New snow than usual though temperatures are getting more moderate.

Park Falls, Wis., and Duluth, usually considered the coldest spots in this area, registered 11 and 7 degrees above respectively today.

Briefly Told

No Clinic Friday—No immunization clinic will be held at the Health Center, Webster Annex, Friday, Jan. 29.

Franklin Cub Pack—The Franklin School Cub Scout pack will meet in the school assembly hall at 7:30 p. m. today.

Motorist Ticketed—Paul Ryan of 526 N. 21st St. has been ticketed by Escanaba police for disobeying a stop signal and failing to have an operator's license on his person.

Theft Is Reported—Oliver Nantell of the Nantell Electric Company reported to Escanaba police that tools and wiring were stolen from his truck last evening while it was parked downtown.

Real Estate Law—Persons who wish to enroll in the Real Estate Law course offered with the co-operation of the University of Michigan extension may do so tonight at the meeting of the class in the House of Ludington. The course is taught by Atty. Wheaton Strom of Escanaba.

Peter DeCant Of Manistique Dies

MANISTIQUE—Peter DeCant, 5, Fourth St., Manistique, died early today at the Cloverland Lodge. He had been ill for several months.

He formerly had operated a tavern on the west side of Manistique for several years. The survivors include his wife, who lives at S. Fourth St.

The body was taken to Kefauver and Jackson Funeral Home where funeral arrangements will later be completed.

FLUORIDATION OF WATER started this week at the Gladstone water plant after final adjustments on the fluoridizer machine were made by Robert Poulsen of Chicago who instructed water plant operators on the operation of the equipment. Pictured, left to right, with the fluoridizer

are Erick Apeigen and William Kjellander, water plant operators; Miss Flora LaRoche, water analyst; Robert Poulsen, of BIE Industries; City Manager H. J. Henriksen. (Daily Press Photo)

Candidates In Speech Called

Preparations for the spring forensic contests have begun at Escanaba Senior High School, John Romstead, English instructor and drama coach, has announced.

Dramatic monologue, dramatic dialogue, narrative poetry reading, declamation, original oration, lyric poetry reading and humorous reading are the many fields in which the students may participate. All students are eligible to take part in the speech contest.

The local contest, first elimination, will be held during the middle of March, the regional contest will be held at Iron Mountain in April and the final speech contest will be held at Marquette May 9 and 10.

Twenty eight students have signed up to participate in the contest thus far.

Gladstone Youth And Companion Plead Innocent

MARINETTE—Two men apprehended Sunday in Gladstone, Mich., and driving a car belonging to the Kinney Motors firm in Marquette, pleaded not guilty Tuesday afternoon in Marquette police court to charges of obtaining property under false pretenses.

Norbert Couillard, 19, of Gladstone and Roland Mineau, 20, Big Suamico, were remanded to the Marquette County jail when they failed to furnish \$1,000 bond each.

Judge Charles Victor set preliminary hearing for 10 a. m. Feb. 5. The pair were returned to Marquette Monday by Undersheriff Marriner Kohlman.

Kohlman said they secured a car Saturday from the motors firm, stating they intended to buy the vehicle.

When they did not return, authorities were notified. Couillard and Mineau were apprehended by Gladstone city police at Couillard's home in Gladstone.

Upper Peninsula Briefs

ISHPEMING—Grover C. Dillman, president of the Michigan College of Mining and Technology, announced today that a tract of forest lands in Marquette county has been accepted by the college board of control as a gift to the college from Mr. and Mrs. Clarence B. Randall, of Winnetka, Illinois. Mr. Randall is a former resident of Ishpeming. Located in Champion township, the tract amounts to approximately 250 acres of heavily timbered land, including the west half of Log Lake. It was presented to Michigan Tech by the Randalls with the hope that the college's forestry department would make use of the area and also preserve its natural beauty for the people of Michigan.

MARINETTE—Fire believed to have been started by a short circuit in a water pump caused considerable damage to the Stewart Grade School in the Town of Peshigo three miles west of Marquette on Highway 64 at 7:45 p. m., Tuesday. Marquette firemen responded to the call and the fire was extinguished with water from the booster pump on the truck. The fire apparently started in insulation around the water pump box, spread to the wall and got into the attic and through the roof before it was checked. One wall and the schoolroom ceiling was damaged.

ISHPEMING—The Ahmed Temple Shrine quartet, of Marquette, will sing a concert program in the Wesley Methodist church at 7:30 Sunday evening, under sponsorship of the Methodist Men.

IRON MOUNTAIN—Final rehearsals are under way for the "biggest and best" presentation of the annual Iron Mountain and Kingsford ice revue, "The Northern Lites," at the east side rink on Saturday and Sunday nights, starting at 7:30. The sixth annual

John Timonen Dies Suddenly

John Henry Timonen, 63, long time Trenary resident, died suddenly yesterday morning at 10 at the family home at Trenary following a heart attack. He had been bothered with a heart ailment for the past year.

Born Feb. 24, 1890 at Nurmes, Finland, he was a farmer and carpenter. He has been a resident of Trenary for the past 40 years.

He is survived by his wife, Alma; one son, Armour of Detroit, and one brother in Finland.

Friends may begin calling at Anderson Funeral Home Friday afternoon.

The body will be removed to the Methodist Church at Trenary Saturday at 11 a. m. and will lie in State until 1 p. m. when services will be conducted by Rev. Arne Maki of Marquette at the church. Burial will be made in Trenary Cemetery.

Dogs interbreed fairly readily with wolves.

presentation of "Northern Lites," sponsored by the Iron Mountain and Kingsford Winter Sports association, will have a cast of 139 skaters with the show under the direction of Mrs. Charles Minges.

Steel Capacity At Record High

The 1953 increase of about 6.8 million tons in the steel capacity of the United States took place in 14 states, according to American Iron and Steel Institute today. The capacity of the nation is now 124.3 million tons of ingots and steel for castings annually. This is the highest level ever achieved.

The largest gain occurred in Ohio, where the combined capacity of steel plants in that state rose 1,744,800 tons. Indiana has the second largest increase last year, 1,276,500 tons. Other major increases included: Illinois, 1,079,600 tons; Michigan, 744,880 tons; Pennsylvania, 685,900; Texas, 520,180; Alabama, 376,000; Maryland, 350,000; New York, 254,830; and Utah, 204,000.

The largest increase in capacity since 1939 has been in Pennsylvania, with over 7.7 million tons. Following in order were Ohio, over 6.8 million tons; Indiana, over 4.7 million; Illinois, over 3.9 million; Michigan, over 3.0 million; Maryland, over 2.5 million; New York, almost 2.4 million; California, over 2.3 million; Alabama, over 2.1 million; Utah, almost 1.9 million; Texas, nearly 1.8 million.

Kentucky's increase since 1939 was about 723,000 tons; Minnesota, 637,000; West Virginia, 635,000; Colorado, 376,200; Washington, 216,000; Georgia, 146,000; Oregon, 110,000; Massachusetts, 74,000; Delaware, 71,000; Missouri, 60,000; Tennessee, 38,000; Connecticut, 26,000; Rhode Island, 25,800; Oklahoma, nearly 15,000; New Jersey, 11,000; and Virginia, 8,700.

Michigan has become the fifth largest steel state. It was the seventh largest steel producing state in 1951. Pennsylvania, Ohio, Indiana and Illinois remain the four largest steel producers in that order.

Hospital

Mrs. A. C. Finstrom 800 5th Ave. S., who recently submitted to surgery at St. Francis Hospital, has been dismissed and is recuperating at her home.

Recreation Clinic Planned Feb. 9 At Rapid River High

"Your Tool Kit For A Better Recreation Program" will be the theme of a recreation clinic at the Rapid River High School, Tuesday, Feb. 9 from 10 a. m. until 4 p. m.

Recreation leaders from Alger, Marquette, and Delta Counties and the Cooks area of Schoolcraft County are invited to attend. The school is being sponsored by the Co-operative Extension Service of Michigan State College with Arden Peterson, 4-H recreation specialist, as the instructor.

Special attention will be given to planning parties and recreation for all occasions. Variations of entertainment suitable for large groups or clubs will be discussed as well as recreation for small groups or families. Different types of games and game devices will also be illustrated.

"Around the table" activities or various types of table recreation will be demonstrated during the lunch hour at the Calvary Lutheran Church.

Home Economic and 4-H Club leaders have been invited to the school. Other groups may make reservations to attend by calling the Delta County Extension Service, 90 - Escanaba.

British Hunt Trade

MOSCOW (AP)—A 33-member British trade delegation, reportedly representing some of their nation's largest firms, scouted for orders today in Moscow. It is the largest post-war group to come here to drum up East-West trade.

Charles Sample, Thompson, Dies

MANISTIQUE—Charles Sample, 82, well known Thompson resident, died at 8:45 p. m. Wednesday in Schoolcraft Memorial Hospital where he had been a patient one day. His death was due to a heart attack.

Born Jan. 11, 1872 at Decker, Mich., Mr. Sample moved to Thompson in 1893. He began working for the Vassau Lumber Stable. Later he worked for 25 years as a locomotive engineer for the Thompson Railroad when he ran a 2-spot train carrying lumber. He also worked for two years on the Manistique police force.

In 1919, he purchased a farm at Thompson where he has resided ever since. He married the former Laura Hursh of Thompson.

He leaves his wife; one son, Floyd, also of Thompson; five grandchildren, Mrs. Dorothy Stanley, Mrs. Floyd Ferguson and Elton Sample, all of Manistique, Mrs. Ernest Stenhouse of Munising and Sewell DeSautelle of Detroit; 14 great grandchildren and a brother, Casper Sample of Tacoma, Wash.

Friends may call at the Kefauver and Jackson Funeral Home this evening.

Funeral services will be held at 2 p. m. Saturday at the Kefauver and Jackson Funeral Home. The body will be placed in the Lakeview Vault, and burial will be made in Lakeview Cemetery in the spring.

Pipe-Smoker Poll Settles Nothing About Character

By HAL BOYLE
NEW YORK (AP) — If a man smokes a pipe is he less likely to rob a bank, strike his wife, or saw his mother-in-law in half?

The nation has an estimated 18 million regular or part-time pipe smokers. Are they a more law-abiding class than other type smokers?

To get the answer to this great social question Morris L. Levinson, president of the Kaywood Pipe Co., polled 200 pipe chiefs.

We have the results at hand. The statistics — like most statistics — seem to prove pretty much whatever you want to believe anyway.

Chief's Duck Issue
To begin with, 131 police chiefs didn't reply at all. Of the 69 police chiefs who did respond to the poll, 22 denied the issue by saying they had no figures on the smoking habits of their local criminals. Just why not, they didn't say.

The remaining 47 police chiefs more or less bore out Levinson's hopeful faith that pipe smokers make good family men, rarely cause the cops trouble, and seldom kick small dogs.

A few comments:
"John McGraw of the New York Giants put thumbs down on ball-players that smoked a pipe," wrote Chief of Detectives George Loftquist of Sacramento, Calif. "McGraw claimed they lacked that fighting spirit and I believe he was right."

Police officer L. M. Hilton of Ogden, Utah, acknowledged pipe smokers committed few homicides in his area.

Felons Chain-Smoke
"We have had dealings with thousands of criminals here, and I cannot recall one of the 'big time' criminals smoking a pipe," commented Chief O.A. Booke of Meridian, Miss. "On the contrary, they chain-smoked cigarettes."

"It would appear pipe smokers come from the more stable social group," observed Chief S. G. Hauckedahl of Kenosha, Wis.

It seems to us this poll raises more questions.

Would pipe smoking by wives make them more peaceful in the homes?

Does the country really need a good five-cent cigar, or would it just create new worries for the police?

Who commits the most crimes — the regular cigarette smoker, the filtered cigarette smoker, or the guy who likes "em king size?"

Areas of the highlands in Scotland have been turned into cattle ranges much like those in the western part of the United States.

Wall Street

NEW YORK (AP) — Backwardness persisted in the stock market today for the second straight session.

All divisions were affected by the moderate decline that went to around a point at the most. Few plus signs were seen in key areas, although a number of leading issues held unchanged.

The pace of trading was around 1½ million shares for the day, compared with 2,020,000 shares traded Wednesday.

Lower stocks today included New York Central, Texas Co., American Telephone, Kennecott Copper, Dow Chemical, General Electric, Bethlehem Steel, Chrysler, Studebaker, Goodrich, Boeing, and Radio Corp.

U. S. government securities in the over the counter market were sharply lower.

Unit Programs Studied At Wells Council Meeting

The Wells Township Parent-Teacher Council held its second meeting of the school year Wednesday evening at the Soo Hill School. Member units represented were: Newhall, Pine Ridge, Wells, Soo Hill and Chemical Location.

The program consisted of a summary of the kinds of programs presented at the various Wells Township PTA units and an evaluation of these programs.

Variety of Topics
A variety of programs were represented including the following general subjects: Safety, health, literature, music, movies on conservation and recreation and a discussion of legal problems.

There were also programs to raise funds for various PTA activities which brought forth a discussion on the advisability of organizing budget and finance committees to channel funds into activities in keeping with the objectives of the PTA.

The problem of increasing memberships in local units was also discussed. It was generally felt that good programs stressing parent-education rather than placing a financial burden on its members might draw a more representative group of parents.

Member Of Panel
The meeting was conducted by the Council president, Clarence Sundquist of Pine Ridge. Mrs. Norman Anderson of Soo Hill led the discussion with the assistance of Mrs. John Collins, Wells, Clarence Sundquist, Pine Ridge, Mrs. Fred Michaud, Chemical Location, Mrs. Arthur Hammerberg, Soo Hill and Mrs. Lawrence Beauchamp, Newhall.

The next PTA Council meeting will be at the Newhall school March 31.

Texas Father Gets Six Months In Jail For Crimes Of Son

RICHMOND, Tex. (AP) — A father here is serving a six-months jail sentence for crimes his young son committed.

Invoking a new state law, County Judge George G. Roane Wednesday ordered Fernando Rodriguez to begin serving a sentence imposed, but suspended, last November. The sentence had been suspended on condition the father "exercised proper parental authority" over an 8-year-old son.

The youngster had been arrested repeatedly for theft, burglary and assault.

Penalties in the new law range up to a fine of \$500 or six months in jail, or both.

County Atty. Arthur Van Slyke said the burglary of a Rosenberg, Tex., barber shop by Rodriguez was the cause for revocation of his suspended sentence.

Knife In Brassiere

FLINT (AP) — Circuit Judge Paul V. Flint sentenced Valerie Smith, 25, to three months in Genesee County jail for possession of a switchblade knife. She told him she "had forgotten" she was carrying the knife in her brassiere.

STATIONED IN PANAMA—Pfc. Delbert Herbeck, son of Mr. and Mrs. George Herbeck of Powers, is serving with the 40th Ordnance Company, Post of Corozal, Canal Zone.

Pvt. Herbeck entered service at Ft. Sheridan, Ill., in March of 1953, received 8 weeks of basic training at Aberdeen Proving Grounds, Md., and 12 weeks training in the precision instrument department of the Ordnance School at Aberdeen where he studied watch repair. After completing the course he spent a leave with his parents and reported to Camp Kilmer, N. J., for a Caribbean assignment in the instrument department. His duties include inspection and repairing all types of military time pieces.

Price Of Coffee Is Investigated

WASHINGTON (AP) — President Eisenhower said that the Federal Trade Commission will make a full scale investigation of rising coffee prices.

The President told a news conference the commission launched a preliminary inquiry Jan. 13 and already has discovered enough to warrant a full investigation.

Such an inquiry, he added, is going to take place.

Retail prices for coffee have lately jumped above \$1 a pound and wholesalers have predicted a further rise.

The trade commission's investigation will be aimed at determining whether any laws have been violated.

The President said the FTC would look specifically into charges that domestic trading in coffee had been limited to certain types.

Traffic Victim Dies

OWOSSO (AP) — Eugene Schlack, 34, of Owosso, who refused treatment after being in a traffic accident last Sunday, was found dead in his home Tuesday. Schlack was one of six persons in a car that rolled over on M21 west of Owosso.

Citrus juices should be left unstrained to derive maximum nutritional value. The pulp contains a lot of vitamin C.

Plans Drafted By Eisenhower To Defeat Recession

(Continued From Page One)

hower told Congress the time is not ripe.

Of his economic program, outlined in a 35,000-word message, Eisenhower said:

"It is not a legislative program of emergency measures, for the current situation clearly does not require one."

"Instead, it is a program for stimulating economic growth and minimizing any chance there may be of serious economic difficulty in the future."

He set this goal for the economy: "an increasing national income, shared equitably among those who contribute to its growth, and achieved in dollars of stable buying power."

Dip May Spread

After a year in office, he reported national production at a record 367 billion dollars. "Employment is high, prices are steady, and wages and profits are generally satisfactory," he said.

But "there can be no certainty" that the late-1953 dip in business activity will not become a broader and deeper movement than the "minor adjustment" thus far recorded, he cautioned.

He described the contraction as mainly an inventory adjustment—a production slowdown intended to reduce the rate of accumulation of stocks, and continued:

"Our economy is basically strong... the current economic readjustment seems likely to be brief and self-correcting, but... the situation must not be viewed with complacency..."

"Unless the government is prepared and willing to use its vast powers to help maintain employment and purchasing power, even a minor readjustment may be converted into a spiraling contraction."

Must Be Prepared

Then Eisenhower went on record for his administration:

"The government will not hesitate to make greater use of monetary, debt management and credit policy, including liberalized use of federal insurance of private obligations, or to modify the tax structure, or to reduce taxes, or to expand on a large scale the construction of useful public works, or to take any other steps that may be necessary."

"The government must and will be ready to deal with any contingencies that may arise."

"An essential part of this preparedness under present circumstances is a higher federal debt limit..."

"The need for constant vigilance and preparedness by government does not, however, justify constant stirring or meddling. Minor variations in activity are bound to occur in a free economy, or for that matter in any type of economy."

"The arsenal of stabilizing weapons will be drawn upon by the government boldly, but not more frequently than is required to maintain reasonable stability."

The report was the last of the three major messages which the President sends to each new session of Congress in January. The others are the State of the Union and budget messages.

Answer To Pessimists

The report was based on studies by the President's three-member Council of Economic Advisers — Arthur F. Burns, chairman, Neil

LITTLE LIZ

H. Jacoby, and Walter W. Stewart.

The message was regarded as the administration's reply to forecasts of many American economists that the business decline would last throughout 1954, and of some that the United States might be heading into a real depression.

Although the message's immediate, proposals were not startling, it put the administration on record as being ready to throw the entire resources of government against any serious deflationary spiral.

"We can make the transition to a period of reduced mobilization without serious interruption in our economic growth," he said. "We can have in this country and in the free world a prosperity based on peace."

Burden On Congress

"There is much that justifies confidence in the future. The government will do its full part to help realize the promise of that future in its program to encourage an expanding and dynamic economy."

One sentence reminded Congress that it carries much of the responsibility for sustaining prosperity:

"Our economic growth is likely to be resumed during the year," Eisenhower said, "especially if the Congress strengthens the economic environment by translating into action the administration's far-reaching program."

Hermansville

Extension Club Meets

HERMANSVILLE — Fifteen members of the Hiawatha Extension Club were present for the lesson on pressing of woollens given by Mrs. Albert Schultz and Mrs. George Farley Monday evening in Rodman's dining room. The next meeting will be Feb. 22 with the lesson, "Getting your Calories Worth." Lunch was served by Mrs. Mae Phillips, Mrs. Harold Pipkorn, Mrs. Harold Allen and Mrs. Dora Swanson.

Briefs

Leo Florian Post 340, American Legion, will meet at Faithorn tonight at 8:30. Russell Gustafson is in charge of the lunch committee.

The Hermansville Lions Club, meeting Monday evening, voted to contribute \$10 to the March of Dimes.

Mr. and Mrs. Howard Schwartz and Mr. and Mrs. Stanley Grimes of Manistique visited with Mr. and Mrs. Charles Schwartz.

Cold Grips Europe

LONDON (AP) — Britain and most of Europe as far as southern Italy was gripped today in the worst cold wave in six years. The gales and blizzards that iced up the continent caused scores of deaths during the past week. Temperatures went below zero early today in parts of southern England.

Strong gales and heavy seas tied up shipping for the sixth straight day.

If you can name 'most any song,
When you hear it on the air,
If you're a fan who's seldom wrong,
On who plays what and where...

Then you're
a man with Young Ideas...
and you'll like Kessler!

Kessler... the Whiskey for men with Young Ideas

Yes, Kessler was made to order for men with young ideas. Why? Because Kessler is "smooth-as-silk" in the whiskey drinks men with young ideas like best; "neat," "over ice," or in a highball. Try Kessler...you'll agree...it's your kind of whiskey!

Killing Solved In Levittown, Pa.

LEVITTOWN, Pa. (AP)—A young neighbor whose wife is pregnant confessed to police Tuesday night that he shot and killed pretty 15-year-old Martha Gibbons because she "threatened to tell" that he raped her.

The partly nude, near-frozen body of the girl was discovered Monday near a lonely lakeshore lover's lane. Tuesday night the arrest was made.

State Police Sgt. Adrian McCarr identified 22-year-old George Capps, a veteran of the Korean fighting, as the confessed killer. McCarr said Capps lured Martha from her home, where she was minding her 6-year-old sister last Friday night, drove her in his car to nearby Curtis Lake, and there raped her in the back seat after ripping off part of her clothes.

Then the policeman said in disclosing the confession, Capps brutally beat the girl and shot her as she tried to run away after threatening to tell his wife Mabel, 21, who is expecting their first child.

Capps was charged with murder and held without bail for a hearing Feb. 9.

Police said Capps actually joined in the search for Martha after her father reported her missing Saturday.

Weight Of Years
Not Very Heavy

MEDFORD, Mass. (AP)—Judge and Mrs. Lawrence G. Brooks know just how much they have slowed down in 47 years of married life.

When the Brooks were married in 1906 they climbed New Hampshire's 6,288-foot Mt. Washington on their honeymoon. It took them three hours.

On their 47th anniversary they repeated the climb. Their time: Four hours.

Michigan Tech Given Tract Of Forest Land By Clarence Randall

BOUGHTON—Grover C. Dillman, president of the Michigan College of Mining and Technology has announced that a tract of forest lands in Marquette County has been accepted by the college board of control as a gift to the college from Mr. and Mrs. Clarence B. Randall of Winnetka, Ill.

The Randalls are former residents of the Upper Peninsula of Michigan. Located in Champion Township, the tract amounts to approximately 250 acres of heavily timbered land including the west half of Log Lake. It was presented to Tech by the Randalls with the hope that the college's forestry department would make use of the area and also preserve its natural beauty for the people of Michigan.

In offering the land to the college, Randall stressed that he and his wife were making the grant "without any conditions whatsoever."

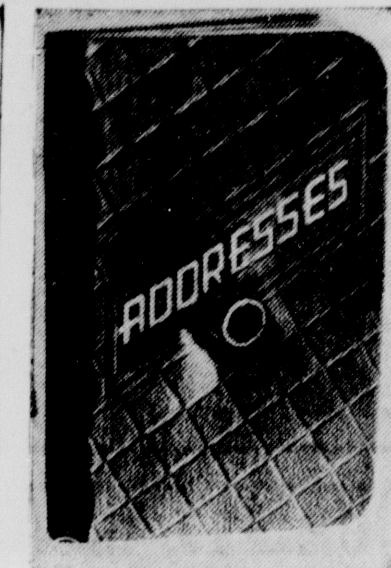

Road Showing Wear After 382 Years

LAS CRUCES, N. M. (AP)—The Las Cruces Sun-News has taken issue with a contention by the state highway engineer that U. S. Highway 85 has a bad roadbed.

Noting the highway is El Camino Real opened by Friar Rodriguez in 1581, the daily said, "it is possible that over a period of 382 years the continual beat of hooves, pioneer feet and the wear given by tires of all sizes" has damaged the road just a bit.

Pheasant Caught

SACRAMENTO, Calif. (AP)—Lloyd Fuller spotted a pheasant in an alley and caught it in his hands because it could not gain enough altitude to escape from the confining walls.

ONE FOR THE BOOK—These front and rear-view photos show graphically how a small address book saved Paul W. Knobe, of Hagerstown, Md., from death or serious injury. A .32-calibre bullet, fired at his chest, remains lodged in the book, which was in his right-hand shirt pocket. Knobe was uninjured, but plenty scared. The shot was fired by Mrs. Anna Vance, a 28-year-old widow, who was convicted of assault and battery.

Boat Harbor Planned

PORT HURON (AP)—If the State Waterways Commission approves, a new small craft harbor, featuring a 400-foot, steel-capped seawall, will be constructed in the Black River at Port Huron. The City Council has awarded a \$36,000 construction contract to the Blue Water Excavating Co.

In Pontiac Rennel User Lost 62 Lbs.

"A neighbor who had wonderful results with Rennel Concentrate recommended it. Following her advice gave me a welcome 62 pound weight loss," writes Mrs. Floyd Trout, 359 Going St. Before taking Rennel I weighed 187 lbs. and with its help I have reduced my weight to 125 lbs. I like Rennel for the way it maintains my regularity and for helping me hold my average weight. Make Rennel work for you. If not pleased with the very first bottle return it to the manufacturer for your money back. \$1.40 at your drug store. Insist on genuine Rennel.

Grand Marais

Polar Bears Win
GRAND MARAIS—A fast stepping Grand Marais quintet marked up their highest score for the season against Hulbert last Friday evening. Paced by the Polar Bear's elusive guard "PeeWee McDonald" they took the lead in the game and outscored Hulbert in each quarter. McDonald took the honors as high point man with 20 points and Sid Hermanson ranked second with 19 and Alec Kropp accounted for 16 points. The Grand Marais seventh and eighth grade team also won a thriller which was undecided until the last few seconds by a score of 33-32. Bob Baynton put the last field goal in and clinched the game for the home team. Sam Lambert was high scorer with 13 points.

Briefs
Mr. and Mrs. Earl Penagore of Detroit announce the birth of twin

daughters born last week at Mt. Carmel Hospital. The girls are the couple's first children. Mrs. Penagore is the former Beatrice Kane.

Mr. and Mrs. Richard Judici of Gwinn are the proud parents of a son, Louis Robert, born in Gwinn. Louis is the third child and first son of the family. Mrs. Judici is the former Merle Masse, daughter of Mr. and Mrs. John Masse.

A 1/c Bruce Masse is home with his grandparents, Mr. and Mrs. John Masse, after receiving his discharge from the Air Force. Bruce served three years in the Pacific with an Air Rescue Squad.

James Masse was recently promoted to A2/c. Airman James Masse is serving in England and stationed at the RAF Base, Essex, England.

Jean Roberts is back to school again after returning from St. Francis Hospital, Escanaba, following a tonsilectomy. She was accompanied by her mother.

Mr. and Mrs. Lawrence Tellier Sr. have received word from their son, Lawrence Jr., who was recently inducted into the army. He is temporarily stationed at Ft. Leonard Wood, Mo.

Alex McDonald Dies
Funeral services were held last week in Chicago for Alex McDonald of Grand Marais, who died following an extended illness at the Marine Hospital there. Mr. McDonald lived in Grand Marais for many years where he worked as a commercial fisherman.

He is survived by his wife, Lila, sons, Lyle of Calumet, Norman of Seney, Donald of Pontiac, Gordon of Waukegan, Kenneth of Chicago and William of Grand Marais, and two daughters, Mrs. Frank Gargas of Waukegan, Mr. McDonald was a member of the Masonic Lodge of Grand Marais.

Some Do Not Agree With Optimism Over Business Prospects

By SAM DAWSON

NEW YORK (AP)—Many business men are as optimistic about the state of business as President Eisenhower appears to be. But some aren't.

And they'll give close scrutiny to the plans he offers for keeping a recession in hand, when he presents his annual report on the nation's economy.

The President's optimism was evident in his State of the Union message three weeks ago. It was echoed last week in his budget, which is based squarely on the belief that business will continue almost as good as last year. If it doesn't—if income and, therefore, tax collections fall off—the budget couldn't stand as drawn.

Slump Spotty

As the President's report goes to Congress, here is the state of business—and the divided opinion

Rock

Personal

Mr. and Mrs. Orville Groleau, Marion, Wis., were parents of a son, Thomas James, born at the Clintonville Hospital on Jan. 15. The baby weighed 7 pounds, 7½ ounces at birth. Mrs. Groleau is the former June Kleis.

Stephen Nelson, son of Mr. and Mrs. Carl Nelson, submitted to a tonsillectomy on Wednesday at the St. Francis Hospital in Escanaba. He was admitted to the hospital on Sunday.

Mrs. John Berg spent the week end in Iron Mountain with her sister, Mrs. Victor Newberg.

Mrs. Roy Kleis returned Monday from Marion, Wis., after visiting with Mr. and Mrs. Orville Groleau.

Pvt. Gerald Hill and Mrs. Hih have moved from North Carolina to Oklahoma. Pvt. Hill has been transferred from Fort Bragg, N. C. to Fort Sill, Okla., where he is to attend a school for surveying.

Hermansville

Polio Benefits

HERMANSVILLE—Two sponsored events for the benefit of the March of Dimes will be held in the Community Club this weekend.

The American Legion Post is sponsoring a card party at the Club House Saturday at 8 p. m. Donald Raiche and Clarence Ryberg are co-chairmen of the event.

In a basketball exhibition in the Community gym Sunday afternoon at 2:30 Mike's Bar of Escanaba will meet Rodman's Bar.

Volunteer Fire Department

The Hermansville Volunteer Fire Department will meet Wednesday night, Feb. 3 in the township rooms of the Community Club. Richard T. Lungerhausen today announced the members of the Volunteer Fire Department: Richard T. Lungerhausen, fire chief; Richard Grenier, 1st captain; Jim Whitens, 2nd captain; Charles Koehn, lieutenant; Lawrence Fabry, lieutenant and Isaac Polazzo, lieutenant. Harold Pipkorn, Geno Stockero, Geno Arduin, Art Schultz, Harold Allen, Julius Haelterman, Donald Raiche, Joseph St. Juliana, Andrew Vescolani, Patrick Grenier, Ed Johnson, Bill Denton, George Minerick, Roy Johnson, Clifford Gustafson, James E. Gribble and Carl Swanson.

Roy E. Johnson, Harold Allen and Richard Lungerhausen are on the refreshment committee for the meeting next week.

An organization of people who have saved their sight by using eye protective devices such as goggles, called the "Wise Owl Club", is growing rapidly and now has more than 5,000 members.

Couldn't Sleep Couldn't Eat

Maybe you aren't very sick and yet you don't feel really well. Perhaps you suffer from headaches, indigestion, nervousness, gas and bloating, loss of sleep or lack of appetite. Frequently these symptoms are caused by constipation. When that's the case he smart and like Mr. Peter Bothen of Chicago, Illinois, take

Dr. Peter's KURIKO

Mr. Bothen states: "I suffered very badly from functional constipation and my bowel movements were not very regular. Since taking Kuriko when needed I feel much better. My appetite is improved and I can sleep at night. Gently and smoothly this time-proven laxative and stomachic medicine puts sluggish bowels to work and aids them to eliminate clogging waste matter; helps expel constipation's gas, gives the stomach that comforting feeling of warmth.

Kuriko's amazing effectiveness is due to a scientific formula which combines (just one or two) of nature's medicinal herbs, roots and botanicals—a secret formula perfected over a period of 80 years. Yes, for prompt, pleasant, proven relief from constipation's misery—get Dr. Peter's KURIKO today.

Professor Discourages Sugar Between Meals

ANN ARBOR — Those late-morning or late-afternoon jitters, commonly characterized as "butterflies in the stomach," frequently hit persons whose jobs keep them on the go. A candy bar or a soft drink seems to tide such a person over until a regular meal.

But a candy bar or soft drink may be just the wrong thing to take for this condition, known medically as "spontaneous hypoglycemia," or deficiency of sugar in the blood, advises Dr. Jerome W. Conn, professor of internal medicine at the University of Michigan Medical School.

"It would be better for such persons to take a glass of milk instead," says Dr. Conn.

Excess of Insulin
The condition also is known as

"functional hyperinsulinism," signifying an excess of insulin of a non-organic origin in the body. When there is an increase of sugar in the blood following the ill-advised consumption of a candy bar, the pancreas glands are "excited" into a faster production of insulin. The results of such a process may be shaking.

"Most patients suffering from this condition complain of an inner trembling. They notice a hunger-like feeling in the pit of the stomach," said Dr. Conn.

Frequently the condition is diagnosed as psychoneurosis, or the visible results of worry and anxiety, said the doctor. Not disputing the possible emotional origin of the disease, Dr. Conn, however, indicates the success of diet in relieving the symptoms.

Try Milk, Eggs

Instead of a candy bar—presumably to make up for the absence of sugar and to counteract the excess insulin—the patient would do better to switch to milk, lots of meat, eggs and cheese. In other words, a switch to a high protein, low carbohydrate meal ticket seems the best way to counteract those late-morning or late-afternoon "shakes."

Dr. Conn suggests that since the condition exists in high frequency and is accompanied by a characteristic group of symptoms, the family physician should be alerted to take a second look before he dismisses the condition as merely emotional, or before he regards the condition as organic.

"The diagnosis of hypoglycemia is often a delicate matter, and well deserves, due to its preponderance, careful reconsideration by the family physician," declares Dr. Conn.

U-M Continues Business Surveys Around Michigan

ANN ARBOR—In a continuing effort to help businessmen improve their customer services, the University of Michigan currently is working on Better Business Surveys concerning six state communities.

Developed and prepared by the Bureau of Business Research in the U-M School of Business Administration and the U-M Extension Service, the surveys are conducted on request from the individual business communities, usually under sponsorship of the local Chamber of Commerce.

These questionnaires are all "tailor-made" for the individual community. They are distributed to students in the fourth through tenth grades of school, whose parents then fill them out and return them unsigned.

Survey Takes 2 Months
Questionnaires have been distributed to Marquette, Sault Ste. Marie, Menominee and St. Ignace and should be ready for report by the early part of this year, says William J. Carey, survey field representative. Survey results from Ishpeming and Negaunee currently are being tabulated.

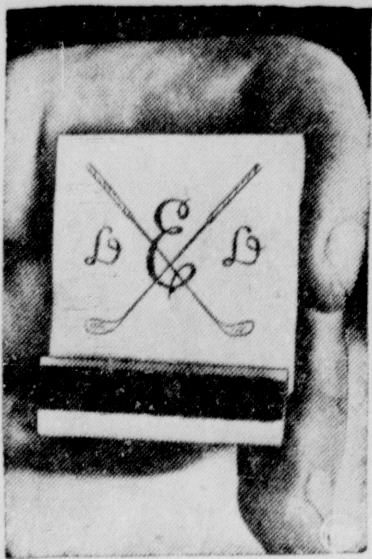

Carey points out that it takes approximately two months to complete each survey, and the results then are reported to the community sponsors.

The program was developed and is carried on in cooperation with the Michigan Retailers' Association.

Manistique Surveyed
These surveys develop information on individual community attitudes and needs in regard to such questions as store hours, night opening, parking, prices, service and similar points, Carey explains.

Communities for which surveys have been completed and published include Cadillac, Coldwater, Dearborn, Frankenmuth, Gaylord, Grand Haven, Manistique, Marshall, Niles, Owosso, Petoskey, Port Huron, Ypsilanti and Menominee. A summary of these surveys is available.

Other communities surveyed and reported on are Durand, Monroe, Flint, Birmingham, Stephenson, Big Rapids and Saginaw.

COLLECTOR'S ITEM — Prize specimen of any matchcover collector's treasure trove would be one of these exclusive match books. Designed for President Eisenhower's personal use, the books feature two crossed golf clubs on a blue background, with the President's initials, "DDE," imprinted in gold.

New Orleans Mayor Wins His Third Term

NEW ORLEANS (AP)—Mayor de Lesseps Morrison easily won his third term as mayor of Louisiana's largest city.

Complete but unofficial returns from Tuesday's Democratic primary gave the 42-year-old Morrison 94,194 votes. Thomas M. Brahney Jr., a member of the Commission Council, was next in the field of nine with 49,449 votes.

Morrison will face the formality of a general election in April, but the Democratic nomination is tantamount to election in largely one-party Louisiana.

More people get more news from newspapers than from all other sources combined.

DNARG!

*GRAND! Any way you spell it, every one loves Jenny Lee's Quickiteens! Try it!

Cab Rates Go Up

DETROIT (AP)—Detroit taxicab rates will go up 10 cents a ride Feb. 4.

City Council approved a rate boost in the so-called "flag throw," which will become 40 cents, instead of 30. The "flag throw" pays for the first one-fifth of a mile. All other fifths will continue to cost 5 cents.

"To the unknown Operator who saved my life..."

That's how the letter began. It was sent to Michigan Bell by Mrs. Ida Vaughn of Ann Arbor. Here's why.

One evening, Mrs. Vaughn, who then lived alone, suffered a severe heart attack. She was able to reach her telephone but was choking so badly the operator could hardly understand her.

The operator checked the address and notified the hospital. Then she learned the family doctor's name from Mrs. Vaughn and telephoned him.

She asked if there were any relatives she should call. Mrs. Vaughn gave the name of her daughter. The operator called her and soon she was on the way to the hospital with her mother.

Mrs. Vaughn's letter ended this way,

"I frankly do not think I would be living today if that operator had not been on the job that evening. Many, many thanks for wonderful service at a time when most needed."

The "unknown" operator is no longer unknown to Mrs. Vaughn, of course. She is Mrs. Bonnie Walker.

For her alertness, presence of mind and resourcefulness she has been awarded a Vail Citation, a telephone company award for outstanding service.

Mrs. Bonnie Walker, the "unknown" operator

Women's Activities

Personals

Mrs. Richard Lembach and Mrs. Elmer Anderson arrived Tuesday night from Milwaukee and are visiting their mother, Mrs. Felix Hill, 1604 N. 20th St.

Miss Janet Peterson, who has been at St. Vincent's Hospital in St. Louis, Mo., the past three months as an affiliate, is arriving here tonight for a visit with her parents, Mr. and Mrs. George Peterson, 328 S. 18th St. Following the weekend stay at home she will return to St. Mary's Hospital School of Nursing in Milwaukee to complete her three year course.

Mrs. Edward Milecki 1908 N. 18th St., left for Chicago where she will spend a week with her son-in-law and daughter, Mr. and Mrs. Richard Johnson, and her grandchildren.

Births

Mr. and Mrs. Marvin Valiquette of Blackwell Ave., Gladstone, are the parents of a son, Gary Charles, born Jan. 26 at St. Francis Hospital. He weighed 6 pounds and 15 ounces.

Jean Elizabeth was the name given to the daughter of Mr. and Mrs. Lloyd H. Johnson, Escanaba Rte. 1. The baby, weighing 8 pounds and 6 ounces, was born at St. Francis Hospital Jan. 26.

A son, Stewart Allan, was born to Mr. and Mrs. Trygve Olsen, 914 S. 14th St., Jan. 27, weighing 8 pounds and 1 1/2 ounces. He was born at St. Francis Hospital.

Chatham

CHATHAM — Mr. and Mrs. Emil Hendrickson and son Robert visited friends in Negaunee Sunday.

Mr. and Mrs. John Kangas and children, Virginia and Roger have returned from a visit at the home of Mr. and Mrs. Viljo Leppanen in Ishpeming.

Mr. and Mrs. Carl Kangas and daughters, Kathy and Mary Beth, and Mrs. C. Clark of Munising visited at the John Kangas home Sunday.

Edward Keto, who is employed at Fort Sheridan, Ill., spent last weekend here at the home of his parents, Mr. and Mrs. Matt Keto.

ENGAGED—The engagement of Miss Beverly Terrian to Leo Evans is announced by her parents, Mr. and Mrs. Rene Terrian of Cornell. Mr. Evans is a son of Mrs. Victoria Evans, also a resident of Cornell. The date of the wedding has not been set. (Ridings Photo)

Slides On Japan At Scout Program

Mrs. Arne Arntzen will show colored slides of Japan to Escanaba Girl Scouts and Brownies at Escanaba Junior High School Saturday at 3 p. m. Those planning to attend are asked to use the 15th St. entrance.

Housewives will welcome a pencil that writes on glass and eliminates the need for labeling jars of preserves. Another kind of pencil does away with the old method of identifying garden vegetables with the seed packet. Using this moisture-resistant pencil, employed by professional nurserymen, the home gardener can tag her plants and doesn't have to worry about the rain erasing the name.

An old tooth brush comes in handy in cleaning dirt from hair combs.

The Germfask-Seney Lions Club met recently with Michigan Bell Telephone representatives from Menominee. Telephone service was discussed at the meeting.

The Germfask-Seney Lions Club has a skating ring on M77.

Word has been received of the birth of a son to Mr. and Mrs. Dallas Latsch of Muskegon, Jan. 8. The baby's name is Owen Bradley. Mrs. Latsch is the former June Gursch.

A pink and blue shower in honor of Mrs. Norman Burton was held at the home of Mrs. Leonard Kubont. Mrs. Burton received many lovely gifts. Mrs. Telford Burton, Mrs. Leonard Kubont and Mrs. Albert Nickerson were hostesses. Out-of-town guests were Mrs. Cleo Garrett, Mrs. William Hoig, Mrs. Joe Lowery and Mrs. Lawson of Curtis.

Streeter-Lytle
Miss Mary Irene Streeter, daughter of Dale Streeter and Kenneth Lytle, a brother of Mrs. Robert Jack, were married Saturday afternoon in Manistique by Justice Victor Deemer. The attendants were Miss Caludene Duncan and Kenneth Streeter, a brother of the bride. A reception was held at the home of bride's father and her sister, Mrs. Louis Crall.

Mr. Lytle is a recently returned POW from Korea but is now separated from the army. The couple will live at Germfask temporarily. Out-of-town guests were Norman Hubbel of Traverse City, and Mrs. Elsie LaPointe of Mackinaw City.

PTA Organization Meeting
An organization meeting was held at the Community Building Monday evening for the purpose of starting a Parent-Teacher Association. The following officers were chosen: president, Mrs. Don-

ANNOUNCE ENGAGEMENT — Mr. and Mrs. Charles C. Houle of Lakewood, Ohio, announce the engagement of their daughter, Betty Lou, 407 Ogden Ave., to James S. Heiden, son of Dr. and Mrs. L. J. Heiden, 407 S. 7th St. The prospective bridegroom is attending Michigan State College. (Portrait by Millie)

Major Stig Franzen Speaker Saturday

Major Stig Franzen of Chicago, divisional young people's leader, will be the guest speaker at a service at the Salvation Army Hall, 112 N. 15th St., Saturday, Jan. 30, at 8 p. m. A musical program also will be given including vocal and instrumental numbers and a new missionary sound film, "For Soul and Body," will be shown. The public is invited.

ad Ruthven; vice president, Lester Hall; secretary, Mrs. Beryl Shirk and treasurer, Mrs. Alec Miller. It is planned to hold the next meeting Feb. 15.

HONORED QUEEN—Miss Betty Cox, daughter of Mr. and Mrs. Edward Cox, recently was installed as Honored Queen of the International Order of Jobs Daughters, Bethel 9. (Millie Studio)

Isabella

ISABELLA—A silent auction will be featured at the meeting of the Ladies' Fellowship of the Congregational church to be held at the home of Mrs. Norman Morris on Wednesday.

Napoleon Cota of Crookston, Minn., is visiting at the home of his sisters, Mrs. Peter Turan and Mrs. Sarah Lagault.

Mr. and Mrs. Gust Soderberg are spending a week in New York City. They made the trip there by plane.

Mr. and Mrs. Allen Snow Sr. left Monday for Marinette where they will be guests for a few days at the home of their daughter and son-in-law, Mr. and Mrs. Herb Manus. From there they will go to Lansing for a visit at the Bruce Cushman home.

Mrs. Richard Morrison is a medical patient at Schoolcraft Memorial Hospital in Manistique. Mr. and Mrs. Don Clement have returned from a vacation spent in Detroit and other cities in Lower Michigan.

Arlene Bonifas left Wednesday for Lake Linden where she will visit at the home of her sister, Mrs. Melba Dunais.

Before painting doors, remove handles and other hardware.

You Can Look Awful Even In Mink

WASHERWOMAN CLUTCH . . . Fur designer Esther Dorothy illustrates how not to wear your mink stole. This is a common mistake in the way of a maid with a mink.

PSYCHOSOMATIC DROOP . . . This is the stance of a woman who keeps remembering how much her stole cost, and is wondering about how to break the news to hubby.

AH, THAT'S BETTER! . . . Our Esther shows how to wear your mink with a flair. Don't let it throw you.

By DOROTHY ROE
Fashion Editor

"Why wear mink if you don't know how?" inquires Esther Dorothy, sprightly New York fur designer who shudders at the things most women do with a stole.

You might as well drape your shoulders in an old burlap bag, if you're going to treat that mink stole as if it were one, says the plain-spoken Esther. She claims that any woman who nags her husband to get a couple of yards of fabulous pelts would do well to pay price how to live up to them first.

In her plush salon Miss Dorothy purveys mink and sable to the upper crust, while carrying on a one-woman crusade to teach her customers how to wear furs with a flair. Says she:

"Too many women think all they have to do to be elegant is to drape themselves in mink. They don't realize that you have to live up to a beautiful fur, wear it as if you were born in a mink bunting, never let it overpower you."

Those lucky girls who got fur from Santa this year might heed these pointers, carefully worked out by a woman who can

wear rabbit in such a way that it looks like sable:

1. When you put on that stole, don't cross it in front and hold it with hands clasped over the stomach. This is the best way to look like an outsize washerwoman.

2. Don't go into what you fondly believe to be a debonair slouch, with the stole drooping drearily down your front. This makes you look like a broken-down coat rack.

3. If you would have your stole flatter you, wear it with assurance. Let it drop away from your neck in back. This makes a more graceful frame for the face than if you wrap it tight as if you had a sore throat. Instead of crossing it, leave it open in front. Casually caught back on either side by your arms. This will give you a much slimmer line.

4. If you're really wearing the stole to keep warm, wrap it high and toss one end over your shoulder to hang down in back. This will ward off tonsillitis and still look carelessly graceful.

5. Don't look as if you were afraid of one thing. It won't bite, even if it did cost the price of a house and lot. Make it clear you are the boss, and don't let it get

out of hand. Many a woman has been beaten by a mink stole.

6. Don't be afraid to use your stole in unusual ways. If you feel like wrapping it around your arm, using it as a laprobe or wearing it like an apron, go ahead. If you can do these things gracefully and casually, you're in, kid.

Miss Dorothy has used furs for everything from bathing suits to bath mats. Her home in the country near Boston and her apartment in New York are full of such things as fur-upholstered divans and fur blankets. She likes to relax on weekends in fur slacks and weskit. She is reported even to have fur-trimmed nightgowns. Put as she is wont to remark: "You can be a mess in mink, but what fun?"

Pine Ridge

Card Party
The Pine Ridge PTA held a card party Tuesday evening at the school. High honors were held by Royal Valquette and Mrs. Howard LaPointe, and low score by Earl Iverson and Mrs. John Gocky Jr. Lunch was served.

Today's Recipes

By Cecily Brownstone

SATURDAY NIGHT PARTY
Everyone likes to dunk, so serve this good cheese dip along with pretzel sticks at your next party.
Blue Cheese Dip* Pretzel Sticks
Fresh and Dried Fruit Tray
Beverage
BLUE CHEESE DIP*

Ingredients: 1/4 pound blue cheese, 2 tablespoons chili sauce, 2 to 3 teaspoons finely grated onion (pulp and juice), 1 tablespoon minced parsley, 1 teaspoon Worcestershire sauce, 1/2 cup (about) mayonnaise or mayonnaise-type dressing.

Method: Have blue cheese at room temperature; mash with a spoon or fork, and stir in chili sauce, onion, parsley, and Worcestershire sauce. Gradually stir in mayonnaise until mixture is of dunking consistency. (If you want a smoother mixture, force it through a fine sieve.) Refrigerate in covered container until serving time.

SUNDAY NIGHT SUPPER, MEXICAN STYLE

It's fun to give meals a foreign flavor once in a while — especially when it's easy to do.

Meat Sauce with Corn Chips*
Shredded Lettuce and Avocado
Salad with French Dressing
Fresh Fruit
Beverage
MEAT SAUCE WITH CORN CHIPS*

Ingredients: 1 tablespoon fat, 2 tablespoons chopped onion, 1/4 pound ground chuck beef, 3 tablespoons chili sauce, 1 tablespoon water, 1/4 teaspoon salt, 1/8 teaspoon pepper, 1/2 teaspoon chili powder, 1/2 teaspoon dried crushed oregano, 1/2 teaspoon garlic salt, packaged corn chips, grated sharp cheddar cheese.

Method: Heat fat in skillet; add onions and lightly brown; add meat and stir until crumbled and browned. Add chili sauce, water, salt, pepper, chili powder, oregano and garlic salt. Simmer, stirring often, until flavors combine. Serve over corn chips; sprinkle with cheese. Makes 3 servings.

Wheat Germ Chocolate Squares

Ingredients: 1/2 cup shortening, 2 squares (2 ounces) unsweetened chocolate, 3-4 cup sifted flour, 1/2 teaspoon baking powder, 1/2 teaspoon salt, 2 eggs, 1 cup sugar, 1 teaspoon vanilla, 1/2 cup wheat germ, 1/2 cup chopped walnuts.

Method: Grease 8-inch square cake pan; line bottom with waxed paper; grease paper. Melt shortening and chocolate together over hot water; cool. Sift together flour, baking powder and salt. Beat eggs until they begin to get foamy; beat in sugar and chocolate mixture until blended. Add sifted dry ingredients, vanilla, wheat germ and walnuts; mix well. Turn into prepared pan. Bake in moderate (350°F) oven 30 minutes. Place pan on cake rack to cool for 5 minutes. Turn out on cake rack; remove paper. When almost entirely cool, cut into 16 squares.

ST. PATRICK'S CHURCH was the setting for the marriage of Miss Marilyn Alsten, daughter of Mr. and Mrs. Arnold Alsten, 1511 3rd Ave. N., to Archie Terrian, son of Mr. and Mrs. Leo Niquette, 220 N. 21st St. The bridegroom is serving with the army at Ft. Benning, Ga. (Portrait by Millie)

Trenary

TRENARY—Misses Mollie and Elizabeth Oberstar, and Mayme Laurich and Mrs. Lena Slambo spent Saturday in Iron Mountain.

Mr. and Mrs. John Knaus and daughter Jonelle spent the weekend in Green Bay visiting with relatives.

The Monday Nites Club will meet on Monday evening, February 1, at the school, at 7:30, where the lesson of "Dollar Saving Meals" will be presented. Mrs. William Hytinen and Mrs. Paul Peterson will be hostesses.

To bake successfully you need proper equipment. Use standard measuring cups and spoons and level measurements in all baking recipes. A shallow-bowled wooden spoon is best for mixing batter, and a rubber spatula for folding and scraping bowls is a fine aid.

RUMMAGE SALE
FRIDAY
9 to 5 P. M.
MARYGROVE
RESALE SHOP
815 Second Ave. South

Social-Club

St. Patrick's Guild

St. Patrick's Guild will meet Monday, Feb. 1, at 8 p. m. at the parish hall. A social hour during which cards will be played and a lunch served will begin at 8:30. A high score award will be given at each table. Mrs. Emerson B. Harvey is chairman of the hostess committee.

C. Y. O. Bake Sale

The C. Y. O. of St. Inomas the Apostolic Church will sponsor a bake sale Sunday, Jan. 31, following the 8 a. m. mass, at St. Inomas school. Marlene McCarthy is chairman, assisted by Lenore McCarthy, Betty Caron, Eileen Flath, Maxine Flath, Rosemary Soper and Barbara Ottensman. Those who wish their donations picked up are asked to call any member of the committee.

Town And Country Club

The Town and Country Home Extension Club of Ford River met Tuesday evening at the home of Mrs. Gilbert Silvola, Ford River Road. Mrs. Nap Morin of Escanaba demonstrated the decoration of aluminum trays and Mrs. Gail Russell gave the lesson, "Early Meals and the Value of Vitamin A." The February meeting will be held at the home of Mrs. Clarence Miller, 944 Sheridan Road.

Empty salt containers with metal pouring spouts are useful for holding such other dry foods as sugar or flour. Don't forget to label the container.

Can you influence your unborn child?

Once the answer was No—now it's YES! Exciting new facts astound even science and show that mothers can control the development of their unborn children in amazingly important ways! Don't miss "There Is Prenatal Influence," by Ashley Montagu and Gertrude Schweitzer, in the February Ladies' Home Journal. Buy your copy today—on all newsstands!

Gravel Supply Getting Low

Attendance of Eugene Johnson, engineer for the Schoolcraft County Road Commission, at a legislative meeting of the County Road Association of Michigan in Lansing Jan. 27 and 28 was authorized at a regular meeting of the road commission here Tuesday.

Principal business before the commission was discussion of a source of supply for gravel. The county in 1952 crushed 25,000 tons, and last year about 40,000 tons, chiefly from the Cooks pit and the Curran brothers pit on the River road. The county operates one gravel crusher to supply its needs.

However, the source of supply in the county is dwindling and the state highway department also must obtain its gravel from resources in the county. Supt. Albert Ackerman reported.

Good gravel pits have become hard to acquire, the superintendent stated. No decision was made on the plans to obtain gravel.

Also discussed at the regular semi-monthly meeting was policy on plowing of driveways.

Wilmer Burgland and Earl Theriault, representatives of a Bark River equipment company, conferred with the board during the meeting on future equipment needs of the county. The firm, its representatives said, is making a survey of future needs in Upper Peninsula counties for equipment manufacturers, who plan to produce only enough to meet needs of their customers.

The commission, because of financial reasons, is not planning to purchase any major equipment, the superintendent stated.

All board members were present. Henry Orschel, chairman, presided. Other members are John Wilde and Orley Losey.

Obituary

HENNING O. ERICKSON JR.

Funeral services for Henning O. Erickson Jr., of Indian Lake, who was killed instantly in an auto accident Sunday at Grand Haven, were held at 2 p. m., Wednesday at the Zion Lutheran Church with the Rev. Wilbert Johnson, of Rapid River, vice pastor of Zion Lutheran Church officiating.

During services the Lutheran choir, under direction of Mrs. James H. Fyvie, sang "Children of the Heavenly Father" and "Nearer Still Nearer." They were accompanied at the organ by Mrs. Harry Ahlstrom.

Pallbearers were Ray Krusic, Robert Bouschor, Donald Anderson, William Holm, Kenneth Magnusson and James Schuster.

The body was placed in the Lakeview vault and will be buried in the spring in the family lot in Fairview cemetery under direction of Messier-Broullire Funeral Home.

City Briefs

Mrs. Frank A. Beckman, Rt. 2, it a surgical patient at St. Joseph-Lloyd Hospital in Menominee.

Mrs. Gilbert Nelson, Bear St., is a patient at Schoolcraft Memorial Hospital.

Word has been received here that A-le Larry Curran arrived in Norway Jan. 11. He has been stationed at London, England, for the past two years.

Charles Sample, of Thompson, is a patient at Schoolcraft Memorial Hospital.

Mr. and Mrs. George Nicholson, 107 Lake St., have left for Tucson, Ariz., where they will spend the winter.

William Hentschell, Oak St., is a medical patient at Schoolcraft Memorial Hospital.

Yugoslavia Slashes

BELGRADE, Yugoslavia (AP)—Yugoslavia plans to cut its defense spending 11.6 per cent in 1954. Observers here view the slash as reflecting a belief there's less chance of a Soviet-led war on president Tito's government.

Our Boarding House

Major Hoople

Street Work Costs \$12,000

The City of Manistique spent \$12,068.83 on street improvement in the city during 1953, a report from City Manager Orson Livermore reveals.

Largest project completed in 1953 was laying of 1,065 feet of curb and blacktop on Range St. Cost of this work was \$5,749.51.

The city also laid curb and blacktop on Arbutus Ave., for 660 feet from Cedar to Pearl St., and this cost \$4,196.65.

Other street improvements completed last year were on Oak St., 180 feet of blacktop at a cost of \$899.97; and resurfacing of Intake Road with a five-inch layer of crushed stone, at a cost of \$1,360.70.

Cities in Michigan receive state money through diversion of gas and weight tax revenue for operation of their street departments.

THOSE IN UNIFORM

2nd Lt. Robert J. Garrett, son of Mr. and Mrs. Dan Garrett of 625 Michigan Ave. Manistique, is presently on temporary duty at the Elgin Air Force Base, in Florida, with a detachment of the 21st Fighter Bomber Wing participating in a competitive aerial gunnery meet.

Lt. Garrett graduated from St. Joseph High School, Escanaba and later attended the University of Michigan. He now serves as a pilot with the 531st Fighter Bomber Squadron, 21st Fighter Bomber Wing.

Girl Born On Ship Swaps Name, Nation

PROVIDENCE, R. I. (AP)—Miss Evelyn Fischer, 25, changed her name and nationality at the same time. Born on a British liner four days before it docked in Boston, she was named Carmania in honor of the vessel.

She recently found out she was a British citizen after believing for years that her father's naturalization as an American included her. And she had never liked the name Carmania, anyway. So the judge at the naturalization ceremony also legalized the swap of the name Evelyn for Carmania.

CARD OF THANKS

We wish to express our sincere appreciation and thanks to all the kind relatives, neighbors and friends who assisted us during our recent bereavement the death of our beloved father, Adolphe D. LaCroix. We are very grateful to the Rev. George Pernaski, for his consoling words, to those who served as pallbearers, furnished their cars, sent floral and spiritual offerings and to all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Signed:
Family of A. D. LaCroix

Students Start Semester Tests

Students in Manistique High School today began writing first semester examinations.

This morning 10th, 11th and 12th grade English classes and boys and girls gym classes took examinations.

U. S. history, Latin 9, geometry, physics, world history, advanced home economics, ancient history, stenography 2, biology, algebra 9, shop 1, auto shop and bookkeeping 1 examinations were given this afternoon.

Friday morning welding, speech, stenography 1, Spanish 1 and 2, general mathematics, art 1, home economics 1, commercial law, library methods and advanced shop tests will be given.

Examinations are scheduled Friday afternoon in art 2 and advanced art, economics, general repair, science, advanced algebra, home economics 2, Latin 10, drafting, applied training and chemistry.

The second semester in the high school begins Feb. 1.

Inwood School Receives Money

An additional state aid payment of \$3,247 for Inwood Rural Agricultural School was received by the county treasurer, Miss Laura A. Williams, Wednesday.

A third of the money is to be used for transportation of students to the rural agricultural school, the treasurer said.

The school's check was to be mailed yesterday.

On Jan. 15, the county treasurer received the first apportionment of state aid in 1954. Schoolcraft County schools received \$62,983, of which \$7,864 was for the Inwood school.

Three Cities Build

SAGINAW (AP)—The Tri-City Commission reports a long-sought \$190,000 administration building now is assured and bids will be asked next month. Bay City's council voted Monday to borrow \$57,000 from a municipal sinking fund to finance its part. Saginaw already has pledged \$95,000 and Midland \$38,000. Saginaw has a 50 per cent ownership share, Bay City, 30, and Midland, 20.

FOR KIDS... adventures of SAM SAWYER

Illustrated with VIEW-MASTER pictures that Come to Life
IN THREE DIMENSIONS
Kids thrill to a new kind of fun when they see Sam Sawyer's fascinating adventures illustrated in the true-to-life realism of View-Master three dimension Kodachrome pictures. Six of these stories are now available.

1. Sam Fires to the Moon.
2. Sam Finds a Treasure.
3. Sam in the Land of Giants.
4. Sam in Darkest Africa.
5. Sam in the Land of Ice.
6. Sam and the Flying Saucer Pirates.

Other children's Reels for use in View-Master Stereoscopes and Projectors include Cartoon Characters, Arabian Nights Tales, Cowboys, Mollie Goose Rhymes, Tarzan, Animals, Fairy Tales, and "Travel" subjects. Pictures are mounted in long-lasting seven-scene Reels.

Teachers Are Sought For Foreign Service

ANN ARBOR—Interviews to fill teaching positions in U. S. schools for American children in Japan, Okinawa, France, Germany and Austria for the 1954-55 school year will be conducted at the University of Michigan February 22 through 25.

T. Luther Purdom, director of the U-M Bureau of Appointments and Occupational Information, said that representatives of the Army's Overseas Affairs Division, Office of Civilian Personnel, will conduct the interviews.

Elementary teachers experienced in teaching several grades are in greatest demand, Purdom said. They will be required to teach several grades, as well as music, art and physical education. Secondary teachers will teach all courses in at least one subject field and often in two major fields.

Qualifications include a bachelor's degree, 18 semester hours credit in education courses, possession of a valid state teacher's certificate, and at least two years of recent public school teaching experience at the grade levels or in the subject fields for which application is being made.

Minimum age is 25, and maximum age for women is 45, and for men, 55. Single teachers will be employed insofar as possible because of the scarcity of family-type housing in all overseas areas.

The salary is \$350 monthly, and transportation to and from the overseas job is furnished by the government. In most countries,

rent-free living quarters are available.

There are over 110 elementary and secondary schools in the European and Far East Commands, which are attended by more than 25,000 American boys and girls. Teachers from all over the U. S. are employed to staff the schools. At least 400 jobs will be available for the 1954-55 school year.

According to Director Purdom, 94 of the applicants who were interviewed last year in the University's Bureau of Appointments were offered overseas teaching positions. Seventy-three are now teaching abroad.

Interested teachers should make application for these positions at the Bureau of Appointments and Occupational Information, University of Michigan, 3528 Administration Building, Ann Arbor, in order to obtain necessary application forms and make appointments for an interview.

Children By Millions Saved By Millions In Couzens Trust Fund

By EDWARD J. MARKAITZ
Associated Press Staff Writer

The Children's Fund of Michigan has given millions to save children by the millions.

The late Sen. James Couzens started the philanthropic organization in 1929 by a bequest of \$10,000,000 in a trust fund. This April the fund closes its books.

Sen. Couzens stipulated that the fund should end after 25 years of service to children.

But there will be no end to the appreciation of millions aided by the fund.

The fund's administrators agree that it hasn't been too active in a recreation program because so many other worthy agencies cover the field.

But a major effort, and one which produced nearly spectacular results in the recreation division, is the Bay Cliff Camp near Marquette.

The camp first was opened to children suffering from anemic conditions because of improper diet. Camp officials found that a few weeks of substantial meals worked wonders for their wards.

Next the camp was opened to crippled children with similar results. During the third phase, Camp Bay Cliff accepted children with heart conditions and, finally, epilepsy patients were welcomed.

William J. Norton, executive vice president and secretary of the fund, says the fund, according to its formula, initiated the camp and got it started. It is a very popular operation, he said, administered now by a non-profit corporation.

Guidance Clinics Expand
Among other recreational division grants were sums to the St. Vincent De Paul Society. The society operates two separate summer camps for boys and girls near Detroit.

The fund has contributed heavily to the child guidance field in Michigan. The state's first child guidance clinic was started in Detroit and its functions next were demonstrated to interest groups in Lansing.

The Lansing group started a similar clinic which ultimately was taken under state supervision. Fund support then was withdrawn.

Children By Millions Saved By Millions In Couzens Trust Fund

There are 15 state-operated child guidance clinics now in existence and the Legislature is being asked for appropriations for at least two more.

The child guidance field is one of extreme width and complexity. It is probably best explained in general as a delinquency preventive.

Children are brought to the guidance clinics for observation after lengthy, or continued, conflicts at home with parents or other children.

The child's behavior is studied by technicians and social workers in an attempt to find the difficulty responsible for the home conflict.

When the difficulty is determined, the clinic informs the child's parents who must correct the situation themselves.

Norton estimated the fund has achieved better than 80 per cent success in all ventures attempted.

Adjoining the fund's executive office in Detroit is the Children's Hospital, a favorite charity project of the late Sen. Couzens. Before his children's fund was inaugurated, Couzens had given the hospital two additions and a nurses home.

Norton recalled that the senator had one trait of extreme modesty concerning bequests to charity. Sen. Couzens requested that buildings he donated not be named after him.

The wish was observed until after his death in 1936 when several structures throughout the state were renamed to honor one of Michigan's foremost humanitarians.

Another quirk, Norton said, was the senator's reluctance to enter buildings he had donated.

"He was only in the executive office once," Norton said, "and it was just a brief matter of business."

Perkins
PERKINS — Mr. and Mrs. Charles Olson and family of Groos visited Sunday with Mr. and Mrs. Frank Kidd.

Mr. and Mrs. H. Boprie and family of Marquette visited Sunday at the home of Mr. and Mrs. Victor DeGrand of St. Nicholas.

Frank Flynn of Escanaba also spent the weekend at the DeGrand home.

ESCANABA BOXING TEAM—Eight members of the Escanaba Golden Gloves boxing team are pictured above during a training session at the Club 314 gym. Six of the eight will be in action in the tournament here next Monday and Tuesday nights. Left to right, kneeling, are Dean

Escanaba Sends Eight-Man Team Into Boxing Tourney

Eight youthful scrappers will carry Escanaba's colors into the Upper Peninsula Golden Gloves boxing tournament which will be staged next Monday and Tuesday nights at the Escanaba Junior High School gymnasium.

They will be battling for U. P. novice division championship trophies and an expenses-paid trip to the Milwaukee Journal championship tournament in Milwaukee Feb. 11-13.

Two of the Escanaba boxers appeared in action here last year. Ron Vanderlinden, hard-hitting lightweight, lost by a narrow margin to Soo's Jerry McGregor in the 135-pound championship match. Wayne Courter, 126-pounder, won his first fight and lost on a decision in the quarter finals.

Another Escanaba boxer, bantamweight Dean Kalishek, saw action in post-tournament paired match shows. A new addition to the squad, Jack Sutter of Gladstone, was active in the ring here before seeing service in the Navy.

Sutter is a 205-pound heavyweight.

Newcomers to the fight game this year are Gerald Richer, 118

Duquesne Posts 16th Straight Cage Win

NEW YORK (AP)—Duquesne's dashing Dukes, idled for 10 days by midwinter exams, are back on their all-winning basketball trail.

They walloped Georgetown 69-56 Wednesday night for victory No. 16. Duquesne led by 26 points at the half and coasted in.

Don Lange of Navy scored 33 points as the Middies whipped Franklin and Marshall 98-68.

The Army overwhelmed the National University of Mexico 101-47 with Bill Hannon scoring 44 points, an academy record.

Iona, tallest team in the New York area, tripped Creighton of Omaha 88-75.

pounds; Jim Brown, 135 pounds, Vic Sopina, 160 pounds, and Ray Gardner, 126 pounds.

The Escanaba boxers have been training for the past month under the direction of Ray Crandall, former University of Wisconsin boxer. Other members of the team, who will not box in the tournament this year, are Bruce Carlson, John Roberts and Duane Taylor.

Fighters from a half-dozen Upper Peninsula cities will compete in the championship tournament. Entries are also being filed from Sault Ste. Marie, Canby, and Camp Lucas at the Soo. Team entries are expected from fighting stables in Manistique, Marinette, Menominee, Stambaugh, Iron Mountain and Negaunee.

The U. P. tournament is conducted annually under the sponsorship of the Escanaba Lions Club and the Escanaba Daily Press. Ken L. Gundersen is tournament manager.

Regular Starters To Open For Coach Keil

GLADSTONE—The Gladstone High School Braves play a double-header this weekend, entertaining Ishpeming here Friday night and traveling to Newberry on Saturday evening. The Reserve fives of Gladstone and Ishpeming also will clash before the varsity game.

The Braves, who have been hampered by illness and ineligibility since the holidays, appeared this week to be getting back in pre-holiday form and Coach Eldon Keil said he believes they will give a good account of themselves

against the Hematites.

Despite the fact that Ishpeming does not have the power-house of other years, the local mentor is anticipating a tough battle. Escanaba defeated Ishpeming last week but both of the regular Ishpeming guards were out of the game.

Coach Keil will start the same five that he has relied on the majority of the season: namely, Capt. Dick Switzer and Duane Peterson, forwards; John Quinn, center; Jack Beach and Dick Goodman, guards.

While these were named as starters, several other members of the squad have come along so well that they are certain to see action during the evening. In fact they can be inserted into the lineup with little or no apparent weakening of the team. These are Roger Carlson, Bob Sandstrom and Norm Butler. Larry Feldt and J. C. Miller also perform creditably.

Vance Hiney and Paul Meli will handle the games.

Jed Black Signs For Fight With Vejar

CHICAGO (AP)—Chico Vejar of Stamford, Conn., and Jed Black of Janesville, Wis., owning 27 victories against one defeat, today were signed for a 10-round welterweight bout at the Chicago Stadium Feb. 10.

Vejar holds a triumph over Vince Martinez, who knocked out Rocky Castillo in New York Friday night. Black is a stablemate of Chuck Davey, another Michigan State College product, who twice stopped Vejar.

Richard Scores 29th Goal In 2-0 Shutout

By THE ASSOCIATED PRESS
Maurice (The Rocket) Richard scored his 29th goal of the National Hockey League season Wednesday night as the Montreal Canadiens blanked the Toronto Maple Leafs 2-0. Richard tops the league in goals.

The Canadiens moved within three points of the leading Detroit Red Wings. The Leafs trail Montreal by three points.

It was goalie Gerry McNeil's sixth shutout of the season.

Pioneers Nip Hawks 5-4 In Fast Clash

The Escanaba Hawks, behind 3-0 after 10 minutes of action in the first period, battled back to throw a scare into the Portage Lake Pioneers here last night before bowing 5-4 in Northern Michigan League play before 559 fans, largest crowd of the season.

It was a familiar story for the Hawks who found themselves in a first period hole they couldn't quite climb out of. The visiting Pioneers, led by the Bukovich and Ruelle brothers, scored four goals in the first period and one in the second before the Hawks could get going.

Escanaba flared up in the final period to press the Pioneers vigorously but failed to connect on several excellent scoring opportunities.

Play Sunday Exhibition

The Hawks have a busy four-day schedule on tap with games at Marquette tonight and Calumet Saturday and a home appearance against the Detroit Flyers Sunday at 2:30.

The Flyers are a Detroit Amateur team of which Burt Petaja, who plays for the Hawks when in Escanaba, is a member. The highly-regarded Detroit sextet plays its home games in the Detroit Olympia, home of the Red Wings of the National Hockey League.

Portage Lake opened the game in high gear here last night. The Pioneers kept the action in Escanaba territory through most of the first period in which they slammed 21 shots at Hawk goalie Bea Artwich. The first Pioneer goal came at 1:58 when Tony

Bukovich's shot was wide of the goal but was deflected into the net by Joe Bukovich.

Pioneers Lead

Bernie Ruelle scored at 7:16 and Jackie Ruelle beat Artwich at 8:12 to give Portage Lake a 3-0 margin. Jim Ogle broke the ice for the Hawks at 15:29, beating Pioneer goalie Clyde Berryman on a pass from Ted Olson. But the Pioneers scored again 15 seconds before the period ended on a shot by Tony Bukovich to finish the frame 4-1.

Fran Lowney made it 5-1 at 7:25 of the second period. The Hawks stormed back with goals by Joe Ricci and Mark Olson in the later minutes of the period to cut the deficit to 5-3.

The Hawks outplayed Portage Lake in the final period but the effort paid off in only one goal, a blast by Doug Peterson after a pass from Bill Suriano at 10:34.

Hawks Miss Tie

The Hawks smothered Berryman with shots in the closing minutes and several times failed to score by the narrowest of margins but they couldn't come up with the tying goal.

Artwich was in good form in the Escanaba nets, stopping 45 shots. He came out of the cage several times to break up solo scores and drew a tremendous ovation when he met dangerous Tony Bukovich head-on to stop a sure goal in the first period.

Berryman stopped 34 Escanaba

shots, 15 of them in the third period.

Summary:

Escanaba (4) Pos. Portage Lake (5)
Artwich GOAL... Berryman
Johnson... RD... Lowney
Hamilton... LD... M. Bukovich
Mark Olson... C... J. Ruelle
Ted Olson... RW... J. Bukovich
Ricci... LW... T. Bukovich

Penalties: Seven men on ice, (Taddeucci); Taddeucci, tripping; Provo, cross-checking.

Third Period

Scoring: Peterson (Suriano), 10:34. Penalties: Lindstrom, hooking.

Stops: Artwich... 17-15-12-45; Berryman... 7-12-15-34.

The Friday night game will be-

In This Corner

With Roy Crandall

Holy Name High School has booked another football game for its inaugural 1954 season here... The Calumet Copper Kings will furnish the opposition on Sept. 25... Fr. Stephen Schneider, St. Joe athletic director, reports that Marinette Lourdes has changed its mind and may not play the new Catholic school here next fall.

The gal that gives us the dope on the St. Joe girls basketball team called up in a breathless state yesterday morning to say she made a bad mistake... It was Kay MacLean, not Pat Rooney, who scored 21 points (an all-time St. Joe record) against Daggett Monday night... Now we've got it straight.

Great Lakes Conference officials say that Gladstone is not eligible to claim the league basketball championship regardless of what record the Braves post... A league rule was passed after the 1949-50 season setting at eight the minimum number of games a team can play and be eligible to win the conference crown... Gladstone, with a current 2-1 league record, plays seven conference games.

The Arcadians hacked out a new Classic League record Tuesday night at the Arcade Alleys... With Herb Bergman setting a hot 237-game pace, the team set the season high game total at 1023 in a match against Mike's Tavern... Don Feller rolled 226, Carl Sawyer 196, Bill Bouie 183 and Chuck Peltier 181... Mike's won the other two games in the match, though.

Eskymos Are Set For Marine Cage Invasion

A return engagement with the Marinette Marines, who fell 49-43 in overtime at Marinette in a previous meeting, will occupy the Escanaba Eskymos here Friday night.

On Saturday night the Eskymos take to the road for a game at Marquette against one of the top Class B quintets in the Upper Peninsula.

The Friday night game will be-

gin at 8:30 with a preliminary between Bee teams at 7. Officials are Norman Slough of Rapid River and Evan Kelley of Marquette.

Marinette will enter the game with a record of six wins in 11 starts while Escanaba has five wins in nine starts. Marinette wins were posted over Niagara, Oconto (twice), West DePere, Peshtigo and Marinette Lourdes.

Marinette Starters

The hot-and-cold Marines are led in the scoring department by forward Dick LaPerriere who has averaged 13 points per start with a 134 total. Guard and captain Don Lund also has gone over the 100-point mark with 114 to date. Other starters for the Marines will be Roger Peters at center, Rollie Raumgarten at guard and Carl Sievert at forward. After playing the Eskymos here Friday, Marinette returns to its home floor for a Saturday night clash with neighboring Menominee.

Coach Burt Gustafson announced his starting lineup today with Jim Finn ticketed for the center slot, Bill LeMire and Bill Savard at forwards, Tom Greigore and John Dulek at guards.

In reserve will be Arni Dunathan, Ricky Erickson, Ted Anspaugh, Jim Mongrain, Jim Beck and Pat McDonough.

The Eskymos will be without the services of Jim Bolm, regular center, again this weekend. Jerry Guindon, reserve guard, is also unavailable. Both players missed final semester exams because of

illness and are ineligible until the Stephenson game next week under a Michigan High School Athletic Association ruling.

Bolm Leads Scorers

Individual scoring figures released today by Gustafson reveal that Bolm is still leading the Eskymos with 112 points in seven games for an average of 16 per game. He hasn't seen action since the Stephenson game Jan. 12.

Guard Tom Greigore is the second high scorer with 80 while Bill Savard is third with 62. Savard scored 37 of his total in the last two Escanaba games against Menominee and Ishpeming.

The Eskymos have scored 442 points thus far in the season. They have hit on 164 field goals and 114 free throws. The team free throw average is 51 per cent.

Scoring summary follows:

	FG	FT	FTM	PF	TP
Bolm	42	28	19	112

Merchants Nip Nicolets 84-83

MANISTIQUE—The Merchants edged out the St. Ignace Nicolets last night in the feature half of a doubleheader, 84-83, with Paul Hinkson and Rudy Brandstrom combining for 46 points to offset a 40-point scoring exhibition by Soeltner for the visitors.

Four Cooks players hit in double figures to win the other game, 63-54, over CIO. Weber led CIO with 22 points.

The Merchants entered the final period with a 63-59 lead and had to stave off a rally to preserve the win.

Pistons Close Gap On Rochester Team

By THE ASSOCIATED PRESS
The Fort Wayne Pistons today were only one game behind the Rochester Royals in the race for second place in the western division of the National Basketball Association.

The Pistons polished off the hapless Milwaukee Hawks 77-68 Wednesday night. Meanwhile the Minneapolis Lakers opened their first place gap to three full games over the Royals by whipping the Baltimore Bullets 76-73 in the second half of the doubleheader at Minneapolis.

The Pistons coasted to an easy triumph over the Hawks. Baltimore, in last place in the eastern division, made a fight of it with the Lakers. Jim Pollard led the winners with 24 points. Ray Felix scored 32 for Baltimore.

Greenwood Eligible For Trojan Action

Jim Greenwood, fast-moving junior guard who transferred to St. Joe from Bark River last fall, will become eligible for basketball competition with the Trojans this weekend as Coach Tom St. Germain's cagers play a home game against Coach Tom Janssen's Bark River Broncos.

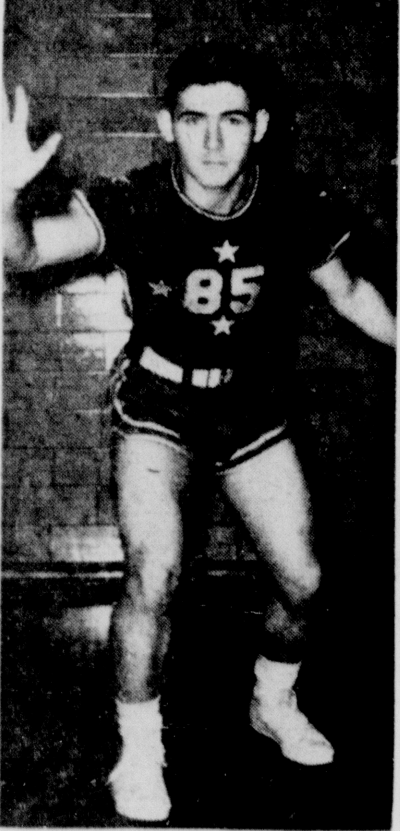

Starting assignments will be given to sophomore John Berrigan at center, Dick Bryson and Dave Hinn at forwards, Dick Cass and Jim Zimmerman at guards.

The Trojans will be seeking their ninth win in 11 starts. The team has scored 682 points in 10 games with Berrigan leading the point-producers with an average of 18.3 per contest.

Bark River fell 89-45 in an earlier meeting at the St. Joe gym. Janssen's cagers have won three and lost four this season.

Two of the wins and one of the defeats were by one-point margins.

Bark River has a home engagement against Eben Friday night in a U. P. Central League outing. Bee teams will play at the St. Joe gym at 7:30 with the main game starting at 8:30.

Emeralds Expect Rough Going Against Miners

MANISTIQUE—Coach Rudie Brandstrom's Emerald cagers will be looking for a "rough" game here Friday night when the Negaunee Miners invade the 'Stique court.

With only a non-conference victory to their credit thus far, the Emeralds are expected to put up plenty of fight when they meet Coach Harry Sartal's Miners.

Bob Hastings will start at center for the Emeralds with Tom Quinn and Carl Scharsch at forward, Coach Brandstrom reports. James Garvin, Bill Holm or Ed

Bernier will be in the guard slot as the game opens.

During the Stephenson game last weekend Skip Corsion twisted an ankle, and Tuesday night in practice here Eddie Bernier suffered a sprained ankle. Both are expected to see action here Friday night, however.

The Emeralds looked "a lot better" in practice this week, Brandstrom notes, and the squad has high hopes of making a good showing in the conference game this weekend.

St. Germain of Marquette and Bouchard of Newberry will officiate. The reserves of Negaunee and Manistique will clash at 7 p. m., in the high school gym here and the main game will follow, beginning at 8:30 p. m.

Cooks-Rapid Reserved Seat Tickets On Sale

COOKS—Reserved seat tickets for the Cooks-Rapid River basketball game to be played Tuesday, Feb. 2, at Rapid River are available at both high school offices, officials have announced.

A capacity crowd between the two top teams in the Upper Peninsula Central League is assured. The game is Cooks' home game but is being played at Rapid River's gym.

Hogan Is Favored In Thunderbird Tourney

PALM SPRINGS, Calif. (AP)—Thirty-six selected professional golfers, led by triple-crown champion Ben Hogan, tee off today in the \$15,000 Thunderbird Country Club Invitational tournament. The 72-hole event will wind up Sunday.

Hogan, 1953 winner of the United States and British Opens and the Masters, was generally picked to win this tournament.

Jimmy Demaret won the 1953 inaugural, at 54 holes, with a 15-under par score of 201.

Bob Boyd played 29 games at first base for the White Sox in 1953 without committing an error.

Moore Retains Ring Title

By BEN FUNK
MIAMI, Fla. (P)—Light heavy-weight champion Archie Moore, having finally disposed of Joey Maxim as a challenger, clamored today for a crack at Rocky Marciano's crown.
Chances are, however, he will either fight Harold Johnson of Philadelphia or go back to South America on another exhibition tour.
Moore smashed Maxim to the canvas twice Wednesday night as he scored his third and by far most decisive victory over the Cleveland jabber.

End of Series
He lifted the title from Maxim in St. Louis Dec. 17, 1952, and successfully defended it against Joey in Ogden, Utah, June 24, 1953. When he finally got his title shot, Moore, now 37, had been

fighting for 16 years and had been a contender about 10 of those years.
"I think this one ended my series with Joe," Moore said with a big grin in his dressing room last night. "I'd like to fight Marciano now, but I'll take on Harold Johnson if they'll get up the money."
He said he also would like to go back to Argentina, where he fought two profitable exhibition bouts last summer.
Moore admitted he had trouble making the 175-pound weight for Wednesday's fight. He said he

went three days without food to do it.
In the eighth, a right to the chin dropped Joe for a count of six. Another savage right put Maxim down for a seven count in the 11th. In the next four rounds, Joey just fought to survive.
A surprising late shift in the odds sent Moore into the ring a 6-5 underdog. The switch probably resulted from the champ's weight-making troubles and a separate maintenance suit by his wife Alice which tied up his purse. He barely made the 175-pound limit at the noon weigh-in. Maxim weighed 174½.

Attorneys for Moore and his wife reported they reached an agreement for an out-of-court settlement.
Referee Cy Gottfried gave Moore a 145-137 edge. Judge Marty Monroe saw it 148-135 for the champ and Judge Mark Erwin 148-134.
Archie's \$46,800 purse was the biggest of his career. Maxim collected \$23,400.
A disappointed Maxim blamed his defeat on rustiness. He said he wanted to "fight more often to get back in shape."

Casey Not So Sure Now Yanks Can Win Sixth Flag In Row

By JACK HAND
NEW YORK (P)—Casey Stengel now says he doesn't know if his New York Yankees can make it six straight American League pennants.
"Some of our pitching is too old," he said Wednesday, "and any club that wins too often gets careless. I know I said last fall we'd win six, seven and eight. Now I don't know."

But in the crowded Yankee offices with TV lights blaring and cameras buzzing, Casey had a tough time being a pessimist.
"We're stronger than we were in the last five years as far as the regulars go," he told the news conference. "Everybody, except Phil Rizzuto, and the three pitchers (Ed Lopat, Vic Raschi, Allie Reynolds) is more experienced, can do more things. The other managers are quoted in the magazines about how to pitch to beat the Yankees. We still won the pennant."

Casey gave the boys a brief rundown on the rest of the league. His thumbnail sketches included:
Boston—Better. More power with Ted Williams back and Jackie Jensen added.
Cleveland—Better. Al Rosen is best third baseman in baseball. They could afford to give up front line pitcher if could get a first baseman and outfielder.

Chicago—Better. Will have Virgil Trucks all season.
Would Like Pierce
Stengel revealed the Yanks had a chance to get Trucks from St. Louis last spring before he was traded to Chicago. "But we hadn't lost our nine straight at that time," he said, explaining why the deal hadn't gone through.
As for future deals, Stengel said the Yanks wouldn't give up two regulars to Chicago for any one player.
"Who do they want? Hank Bauer. Who would I like? I won't mention any name but I'll hold up my arm."
Casey held his left arm high, an obvious reference to the Sox's lefty ace, Billy Pierce.

By The Associated Press
Miami — Archie Moore, 175, San Diego, outpointed Joe Maxim, 174½, Cleveland, 15, (for world's light heavyweight title)
Mexico City—Martin Rodriguez Fajal, 130, Cuba, stopped Pepe Montes, 132, Mexico, 5.

Robinson Signs Eighth Contract

BROOKLYN (P)—Jackie Robinson, first Negro in organized baseball, has signed his eighth major league contract with the Brooklyn Dodgers, the club announced today.

He will get a reported \$40,000 for 1954, 10 times more than he made with Montreal in 1946 when he broke the game's color line. The new contract represents a raise of about \$2,000 over last season.

Robinson, 35 Sunday, has been a regular since the day he joined the Dodgers. In 1953 he played five positions — 76 games in left field, 44 at third base, 9 at second, 6 at first and 1 at short. He hit .329, his fifth straight year above .300.
Ted Kluszewski, slugging first baseman of the Cincinnati Redlegs, came to terms for a reported \$35,000, highest ever paid by the club. Kluszewski hit 40 home runs last season when he batted .316.
Outfielder Sam Mele reached agreement with the Chicago White Sox.
World Series star Billy Martin turned down the New York Yankees' first offer. The second baseman is awaiting a decision on his military status.

Track Coach Is Not Keen On High Jumping Tumbler

CHAMPAIGN, Ill. (P)—Dick Browning of Illinois, national AAU tumbling champion now aiming for a high jump record, has somersaulted backward over the bar at the 6-8 level but still is being cold shouldered by track coach Leo Johnson.
Browning's technique is a series of forward handstands to build up momentum and a high reaching double backward somersault.
His gymnastic coach, Charley Pond, has measured the peak of his climactic somersault at eight feet. Pond thinks that with practice Browning can flip over a high jump bar to a new record.

Browning has cleared the bar at 6-8, without a safety harness, and has done seven feet wearing the harness.
The world high jump record is 6-11½.
"I'm not offering Browning any encouragement for two reasons," veteran track coach Johnson said today. "First, he hasn't been able to take off on one foot and hasn't tried it yet. Second the stunt violates the rule which calls for a 'running high jump', not a tumbling high jump."
The NCAA rule for the running high jump stipulates that a competitor must take off on one foot.

Pro Football Leery Of Court

By HUGH FULLERTON JR.
PHILADELPHIA (P)—After one long and expensive courtroom experience, the owners of the 12 National Football League clubs don't want to be dragged into court again over television.
That's why Commissioner Bert Bell has refused to discuss TV restrictions with representatives of the National Collegiate Athletic Assn.
It also is why the club owners decided unanimously Wednesday that they will not appeal the ruling by Judge Allan K. Grim of the U.S. District Court last fall.
The government had filed an antitrust suit against the league on the grounds that its rules restricting television broadcasts were in restraint of trade.
Judge Grim ruled it was permissible to protect the gate receipts of a game by blacking out the immediate area in which it was being played. But the NFL cannot control radio broadcasts, nor can it restrict television into a club's home territory when that club is away.
The effect is to put all territory outside a 75-mile radius of the game up for grabs.
As for the recent efforts of the colleges to get together with the pros on television, Bell said that any such discussion of TV controls might be regarded as illegal.
